### TILL TIME REPAY

Thou did'st not quail beneath the eagle's claw  
O Gallant Greece ! more worthier than them all;  
Nor doubted'st once if thou should'st fight or fall:  
Thy law of honour was the only law.  
Yet in the doubting some were there who swore  
The soul of Greece was dead. Ah no, the call  
Of Liberty still held thee in its thrall  
From King to peasant and from shore to shore.  
And in the reckoning thy star shall rise  
More mightier than thy proudest songs foretold;  
And thy eternal truth the traitors' lies  
Shall still forever. Lo, the bells have tolled:  
This blasphemy hid but in shallow guise  
Indelibly is on our hearts enscrolled.

### QUEBEC OFFICER CITED FOR BRAVERY

QUEBEC.

Capt. H. Fitz-Gibbon Boswell, Royal Engineers, has been mentioned in dispatches for distinguished services on the Andalsnes front during the Norwegian campaign, according to word received here from England. Notice of the distinguished service mention is given in the latest issue of the London Official Gazette.

Captain Boswell is 26 and a member of prominent Quebec and Montreal families. He is a son of Mr. and Mrs. C. E. Allen Boswell of Quebec, and a grandson of Mrs. Robert Fitz-Gibbon of Montreal, member of one of the oldest and most prominent families of that city. He married a daughter of G. Henshaw of this city, in England, in April of last year, and she returned here several months ago. He is one of three brothers serving overseas, the others being Lieut. Allen Boswell and Second Lieut. Robert Boswell.

Captain Boswell studied at Bishop's College School, Lennoxville, where among other honors he won a scholarship. He graduated from the Royal Military College, Kingston, four years ago. He has been a member of the Royal Engineers since then.

HIS MAJESTY THE KING  
*with*  
MAJOR-GENERAL A. G. L. MCNAUGHTON  
(B.C.S. 1900 - 05)

(Courtesy "The Sphere", London, England)

## FIGHTER COMMAND

They fight ten times their number day and night,  
They fill the skies with blood and steel and fire;  
Each new sun-darkening swarm they put to flight,  
To keep free England . . . freedom's ancient sire.  
New armies of the free with winged swords,  
In a new Marathon, they sweep the sky  
A glorious day, hold off the foreign hordes  
For one more blood-rent day: and then they die.

And then they die. But still on England's shore  
Reigns freedom, though the skies are burning red;  
Though heroes come and go for evermore,  
These be thy heroes, England: these, thy valiant dead.  
O mourning nation, cherish thou the pain  
That marks their death: they have not died in vain.

KENNETH KNATCHBULL-HUGESSEN.

Jefferson Davis, President of the Confederate States of America, and Mrs. Davis. Photographs are published through the courtesy of the late Mr. W. A. Hale and were presented to Mrs. Hale by Mrs. Davis during the Davis family's residence in Lennoxville in 1865, when Jeff Jr. attended B.C.S.

## Foreword

A school magazine "foreword"—like other forewords—is bound to be regarded if read at all, as something at which but to glance before reaching the more vital record of school happenings.

And so indeed in a few short years you will look back upon your school careers merely as the prelude to the symphony of life itself.

At the age of 50 (one feels no older !) you will have learned that each unfolding year brings more absorbing interests and ever broadening horizons.

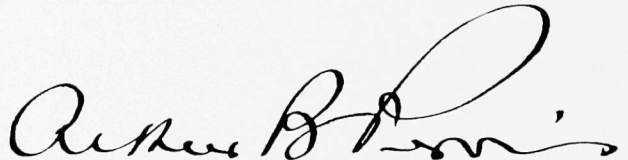

You will have found this world of yours—more yours now than ours—arduous but most intriguing. You will seldom have regretted the expenditure of your energies in a prompt acceptance of its challenges. You will never have had regrets where that acceptance helped others more than you. You will have experienced to the full many accomplishments flowing from efforts of mind and body. You will have experienced many set-backs and sadnesses.

Yes, an exciting, intriguing—more, a charming—world, for all its difficulties.

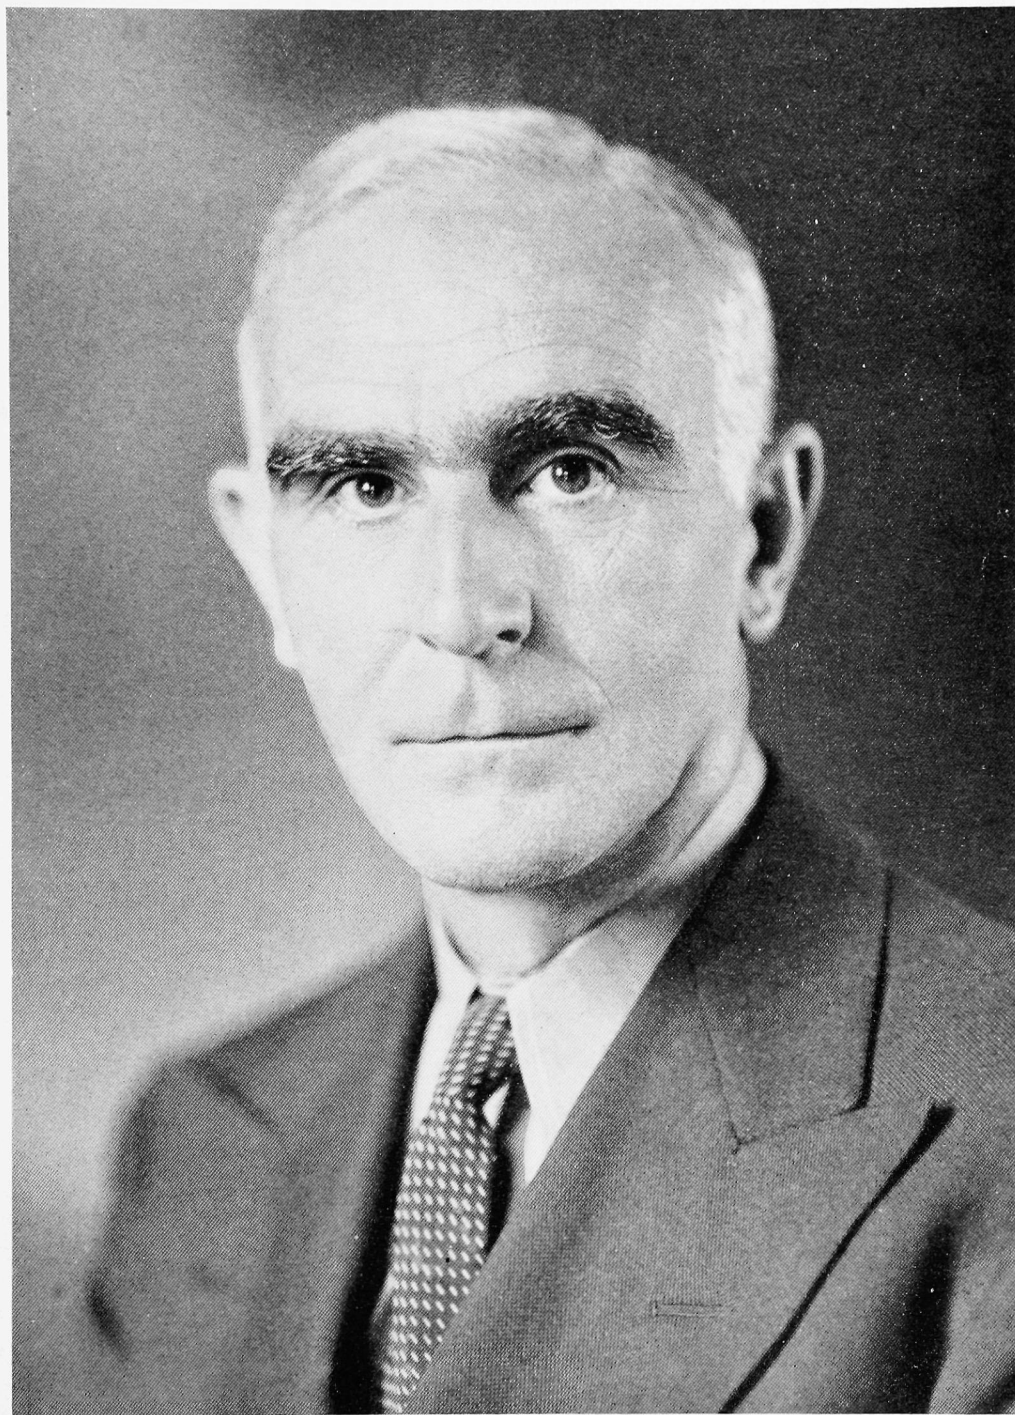

But meantime amongst our—and shortly your—privileges has come the right to play a part in the great struggle of our era: the struggle to preserve freedom of thought and speech and all our "way of life". We, like the people of all other democratic countries, forgetting history, had come to assume these flowed to us as freely as does the water from the taps in our homes. In our anxiety to maintain peace, we failed, in the light of after events, to provide ourselves with the weapons for their preservation. As a result, in this twenty-first month of the war, our Empire, with all those values for which it stands, is heavily engaged.

As you know, from your experience in games, there is no substitute for planning, training, organization, and co-ordinated effort. And these desiderata, we must admit, have characterized the effort the enemies of freedom have made.

Well may we all be proud that, in spite of these handicaps, our Empire has chosen to fight it out—to make whatever sacrifice be necessary for so great a cause. And when we have won—as we shall win—may all of you decide that never in your lifetimes will you allow our freedoms again to be endangered.

Washington, D.C.,  
May 15th, 1941.

*The Rt. Hon. Arthur B. Parris, J.C.*

## SPRING THOUGHTS

It speaks to me and yet my heart  
Is silent. In a dream apart  
I ponder on some unknown thing  
That skilfully, on swiftest wing,  
About my drugged brain must dart,  
Scaping the eager foil I fling.  
I watch the trees rebud; the fields  
Regain their verdure. Nature wields  
Her awful splendour and my soul  
Must also pause to pay its toll  
Of vexing lassitude. I see  
The waters jubilant and free  
From winter's bondage, and rejoice  
And wonder at the mighty voice;  
No false hypocrisy now shields  
Its accents from the feeling heart.  
But yet of this I am a part  
Not wholly. P'r'aps I try to see  
Too deep within the mystery.

This do I understand: we are  
Not choosers and our fortune's star  
Follows, heedless of harmony,  
The orbit of our destiny;  
Yet there's a tie magnificent  
Between the great and 'twixt the small  
That nought of earthly taint may rent,  
That spite of chaos, spite of all,  
Shall make a path for us, a way for  
Wearied souls, yet strong in heart,  
To glory in the spring we pray for.

## Editorial

We express our gratitude to the Rt. Hon. Arthur Purvis, P.C., who, in his very busy life, found time to honour us with a Foreword.

The School was moved to deep regret on hearing that David Drew had been "Lost at Sea". He was on his way to England to continue his studies at Eton as a King's Scholar. His desire was to work there with those friends with whom he hoped to work after the war, feeling it his duty to be in England. He was a brilliant student, liked by everybody and he made his influence felt here.

We were also very sorry to hear that E. Rising had gone down in the Bonaventure. He was here in '31.

The highlight at the Old Boys' dinner was a cable from General McNaughton. It will be found elsewhere in this issue.

We were thrilled, at the time, on hearing the story of Harry Boswell's exploits in Norway. Now we are exceedingly pleased to hear that he has been cited for bravery.

In our last issue, at the last moment, we got a Stop Press in with the very pleasant news that P. T. Molson had been awarded a Rhodes Scholarship. This rounds off a brilliant career at B.C.S., where he came first in McGill University Senior Matriculation, and won a McGill University Entrance Scholarship, tenable until his graduation, and many other honours. But, above all, he won the admiration of the School for his splendid sportsmanship and character. Let no would-be future Rhodes Scholars run away with the idea that this was done just off the bat, or by gifts bestowed by some fairy godmother or genii presiding at his birth, or at some later date ! His contemporaries are witnesses and

we testify that he was intensely industrious—although unselfishly so and always eager to help others—and that he took a full part in the life of the School.

He is now in the Navy.

Admiring groups are frequently seen around some returning Old Boy while some intriguing uniform claims the attention.

Almost all Old Boys of at least one recent matriculating class are now in the Services. This recalls the 1911 Football Team who were all in uniform in 1914.

Due to an old B.C.S. custom (reluctance to speak of themselves) which we have constantly noted, it is becoming increasingly difficult to follow with any real accuracy the entrances into the Services, promotions, and doings of Old Boys, consequently we regret the incompleteness and possible inaccuracy, of some of the notes in these pages.

Pictures and paintings come and go but the paintings from Mull Hall, which now quietly adorn the dining room walls are worthy of a permanent place there; they fit in admirably, and the mellow colours tone well with the woodwork and mellowing room.

Jazz is not so popular as it once was; much that is pseudo-modern and subversive in art is being abandoned; the stigma of "Victorian" has lost its sting. (Although founded earlier) B.C.S. celebrates its foundation as having taken place in the same year as Queen Victoria's accession. Would it not be appropriate to have a picture of Queen Victoria in the School dining hall?

## "THE STARS LAUGHED DOWN"

The stars laughed down, their impish eyes  
Freed from the curtain of the day,  
Winking their cheer through mantled skies:  
A million little fellows gay,  
Seeming so carefree, worldly-wise,  
Thus all the while we rest, they play.

Even the moon a warmer beam  
Shed from her austere countenance,  
So all the world beneath might seem  
To bask in some age-old romance  
Where Puck and Oberon would scheme  
And round their rings the faeries dance.

Yet hush ! not all was fancy. Nay  
Like a gentle, soothing, soft refrain,  
The selfless dreams of childhood lay  
Fragrant upon the air. Again  
Sleep drew away the years and, pray,  
Where were they then—your toil and strain ?

"Stuff that dreams are made of ?" True.  
And yet upon this very scene  
The greatest might have gazed and through  
Its inspiration sought to glean  
Some truth that's left to me and you,  
That lingers where the dust has been.

DAVID SHELLEY NICHOLL.

## HAIL AND FAREWELL

Hail and farewell, good friend, I loved you well:  
 I weep to see you leave this once fair earth.  
 You died a hero; you in battle fell—  
 E'en you a genius from your day of birth.

The world weeps not; perchance they do not know  
 That you have perished on the battle field,  
 In leading an attack against the foe,  
 Or that you rather chose to die than yield.

The world is happy in not knowing this.  
 They do not know that they sustain the cost  
 Of such a man as you; they do not miss,  
 They do not wail the hero they have lost.

But I, indeed, who still remember you—  
 There is an emptiness within my heart,  
 Because I've had to bid a sad adieu  
 To one who of me had become a part.

But now I am prepared to live alone  
 'Till I shall meet you on that happy day,  
 When 'cross the bar my spirit will have flown;  
 Till then I "ave atque vale" say.

F. S. HOLLEY.

We were deeply grieved to hear of the death of David Drew in April as he was returning to resume his studies at Eton, England. He leaves an empty desk in the classroom and an empty spot in the hearts of us all.

David arrived here in the autumn of 1940, a King's Scholar from Eton and was placed in the Sixth Form, where he endeared himself to all who came in contact with him. He played a fine brand of 5th crease rugby.

Moreover, David excelled in his work. He was one of the most studious boys in the form and his classics in particular were outstanding. He was always willing to help slower comrades.

We bid David adieu with a saddened heart for although we know that he has passed to a far better world we realize that the gap he leaves behind him will not be easily filled.

ANON. Form VI

"God's finger touched him, and he slept."—Tennyson.

DONALD D. S. DREW

Donald was born in London, the son of Capt. Donald Drew, who served with distinction with the Royal Flying Corps in the Great War and later as pilot of Imperial Airways, and Mrs. Drew, a native of British Columbia.

## Chapel Notes

*"O worship the Lord in the beauty of holiness."*

Since our return to School at the beginning of this year our Chapel Services have gone on as usual. Those two little words serve to remind us that among the gifts of freedom we enjoy is freedom to worship God, with all this means to us of faith, hope, courage, inspiration and comfort. This year all the sermons have been preached by our Chaplain who has constantly emphasized the importance of spiritual values to us in this time of conflict and related his message each Sunday to the needs of the hour.

On Friday evening, May 23rd, our annual Confirmation Service added its emphasis to the great truths of our Christian faith when the Lord Bishop of Quebec administered the Apostolic Rite of the Laying on of Hands to a class of twenty-four boys presented by the Chaplain. Professor Elton Scott of Bishop's University acted as Chaplain to the Bishop. After the service the Headmaster kindly entertained the newly confirmed boys with their parents and friends at his house.

On Sunday morning, May 25th, the boys received their first communion. Many of their parents joined them in this significant act of dedication of their lives to the Christian way of life.

At this service of Holy Communion Bishop Williams was the Celebrant, the Chaplain assisted and preached, and MacFarlane, the head prefect, acted as server and read the epistle. The service was a very impressive one and a happy occasion which will long be remembered by the newly confirmed boys and their parents. The names of the boys are as follows:—

IVAN CHILDS  
MICHAEL IVAN HORNIMAN  
GERALD STEWART MACDONALD  
JAMES ANGUS MACKAY  
HUGH THOMAS MACFARLANE  
EDWARD STEWART MACTIER  
ROBERT GORDON McBOYLE  
JOHN ROBERT DOUGLAS McCURDY  
MALCOLM McDUGALL  
JAMES RONALD PECK  
ROBERT RAY POWELL  
ARTHUR RONALD REID  
PETER RUSHBROOKE SATTERTHWAITE  
JAMES ARTHUR SEWELL  
ROSS WELLS SMITH  
ROBERT WALTER STEVENSON  
DESMOND NEIL STOKER  
ROBERT HASTINGS TAYLOR  
MICHAEL SYDNEY WALLACE

DAVID FRANCIS WILLIAMSON  
 JACK HENRY BOUET-WILLAUMEZ  
 ALASTAIR SETON HAMILTON BLACK  
 JOHN ALEXANDER BOYD  
 EVAN HUGH LAMAN EVANS

After the service many comments were heard on the fine singing of the Choir. We gratefully acknowledge the splendid co-operation of Mr. Page and the Choir throughout the year. To the boys leaving school this year we say simply, God bless you and keep you in all your ways.

#### SUNDAY (*yesterday*)

Sunday—a time of prayer—  
 When hearts and souls grow calm,  
 And music fills the air  
 As church bells ring—and ring—  
 A million voices sing  
 Together, love's sweet psalm.

#### SUNDAY (*to-day*)

Sunday—the calm is broke—  
 As dastard tyrants dare  
 To fill the air with smoke,  
 And fields, and flowers, and trees—  
 That once did paint with leaves  
 The sky—are barren, bare.

#### SUNDAY (*to-morrow*)

Sunday—the time *will* come  
 When voices once again  
 Will sing their song—the sun  
 Will pierce the smoke and say:  
 "Bells, ring once more ! the day  
 Has come. Let freedom reign !"

P. G. H.

## School Notes

The School has been fortunate in receiving a number of gifts since the last issue of the Magazine. Through the generosity of Lt.-Col. C. W. MacLean, we have received books for the library and the oil paintings which are now hanging in the dining room. Dr. Parmalee has donated a valuable collection of "The World's Best Histories". Col. E. B. Worthington of Sherbrooke has added to his gifts of historic periodicals and war trophies. Mr. James B. Allan of Montreal has again presented three copies for efficiency in the Cadet Corps. All these gifts are gratefully acknowledged.

### RAIN

Rain—hot, dark rain—  
When thoughts must turn once more  
To times when a dull pain,  
Wracked my heart and made it sore,  
Cut like a knife.

Rain—a black time—  
That shuts my thoughts within  
And says there is no rhyme  
Or reason. Oh ! One cannot win  
The Battle of Life.

Rain—unlike snow—  
Does not exhilarate  
The soul. Sorrow will grow  
Until at last, when like sweet fate,  
Death ends the strife.

Rain—still no sun—  
To bring respite and cheer.  
Despondency will run  
Through me—and with it—fear  
And carnage rife.

P. G. H.

*Standing, Left to Right—K. S. HOWARD, I. L. SEWELL, J. A. B. NIXON, D. S. NICHOLL  
Seated, Left to Right—LIEUT. W. H. FISHER, D. C. SETON, C. G. M. GRIER, ESQ., N. F. MACFARLANE*

## The Choir

Although the choir has been unable to accept any invitation to sing in city or neighbouring churches this year, it continues to render valuable service in Chapel and to maintain its high reputation.

It still has fifty voices, but the balance of parts changes from year to year; for example, last year we had a fairly large body of altos; this year, only four, due to the fact that there were so many eligible boys ready for bass or tenor parts.

The trebles, particularly those from the Prep. were very young and inexperienced, consequently their volume was at times not up to the usual standard, and the tenors and basses had to restrain a tendency to overwhelm them in forte passages.

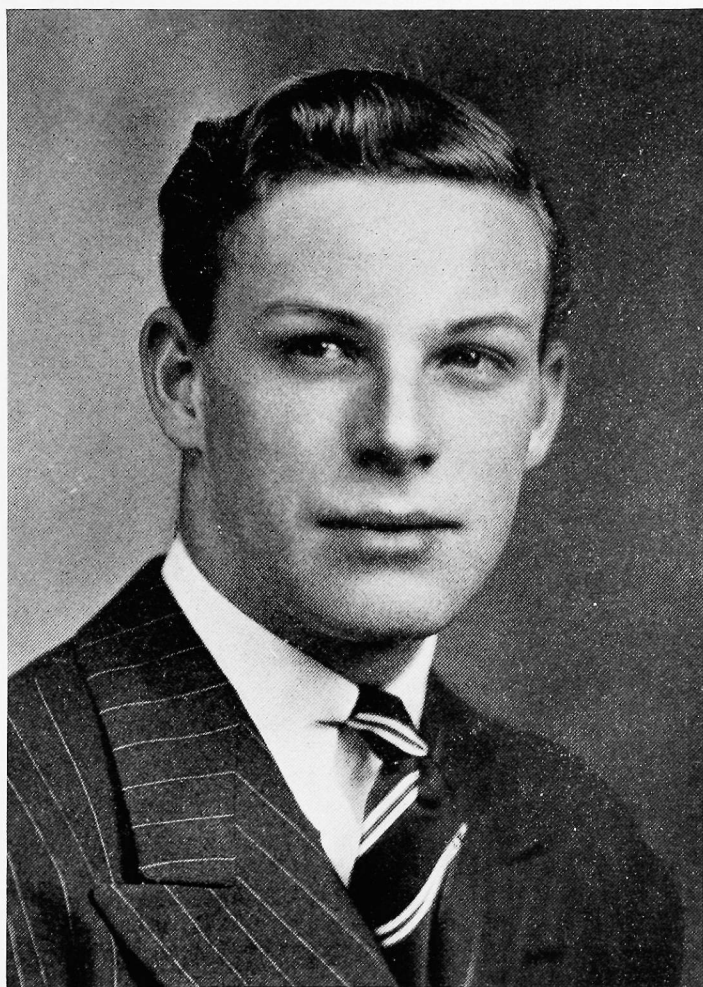

A gratifying feature of the senior choir is its ability to read quite well from sight. The quality of tone has also improved. Some of the members have been welcomed by church choirs during vacation, thus carrying on the spirit of service which is characteristic of B.C.S. choir boys.

A special word of praise must be given to Jon Robinson, a member of the choir, who, at the age of eleven, with the assistance of Alan Finley, a former (and also, we hope, a future) member of the choir, played the organ with great confidence and ability for full Choral Communion on May 10th. Appreciation is also expressed of the valuable and wholehearted assistance of Leslie Davis, not only as a singer but as voluntary supervisor of the Prep. choir helpers who prepare hymn boards and give out and collect hymn books and music at all services.

Many fine renderings of various Chapel Services have been given, but none better than the beautifully sung Litany on May 3rd.

### THE 1940-1941 CHOIR

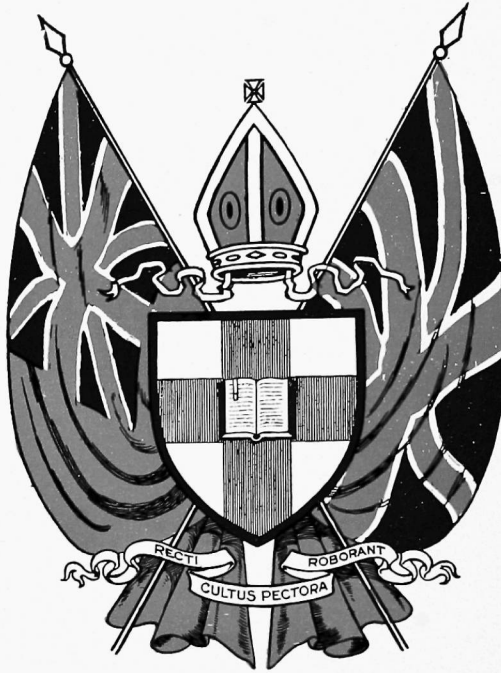

- Basses:* Adams, Cockfield, Grav, Hodgson, Hugessen, K., Macdonald, G., Nicholl, Powell, Ramsey, Stairs, R., Wanklyn, Wregg.
- Tenors:* Davis, Flintoft I, Hanson, Horniman, Lindsay, Wedderburn-Maxwell, McCurdy, Morkill, McConnell, Sewell, Sheppard, Skelton.
- Altos:* Dodds, Ker, Sewell II, Hugessen II.
- Trebles:* Wallace, Smith, Stevenson, Taylor II, Moffat I, Boright, Stoker, Flintoft II, Boyle, Bouet-Willaumez, Boyd, Beatson, Empey, Moffat II, Robinson, Kindersley, Black, Evans, Beith, Butler, McIver, Holley II.

### NO. 2 BISHOP'S COLLEGE SCHOOL CADET CORPS

The annual inspection of the corps took place on the school grounds on Wednesday May 21st. The inspecting officer was Lieut.-Col. Louis Chicoine, inspector of cadets for Military District No. 4. Major Ogilvie was present representing the Black Watch Regiment with whom the corps is affiliated.

The fall-in was sounded at 2 o'clock and after a preliminary inspection by the corps commander, and sizing, the corps marched on to the saluting base, where the general inspection took place. Following the inspection was a march past in line, and march pasts

THE MARCH PAST IN LINE

in close column and column of platoons. The corps then broke off while a picked squad went through fifteen minutes of drill without words of command. A demonstration of physical training followed by the Upper and Preparatory schools under the direction of Lieut. Inst. W. H. Fisher.

Following this event the corps changed into white ducks and proceeded with the remainder of the inspection. This consisted of handling of arms by recruits and instructors, and section, platoon, and company drill. Then the company marched on to the saluting base and advanced in review order at the slow march, halted, and presented arms while the band played the general salute.

THE BAND LEADING THE COMPANY DOWN TO THE SALUTING BASE FOR INSPECTION

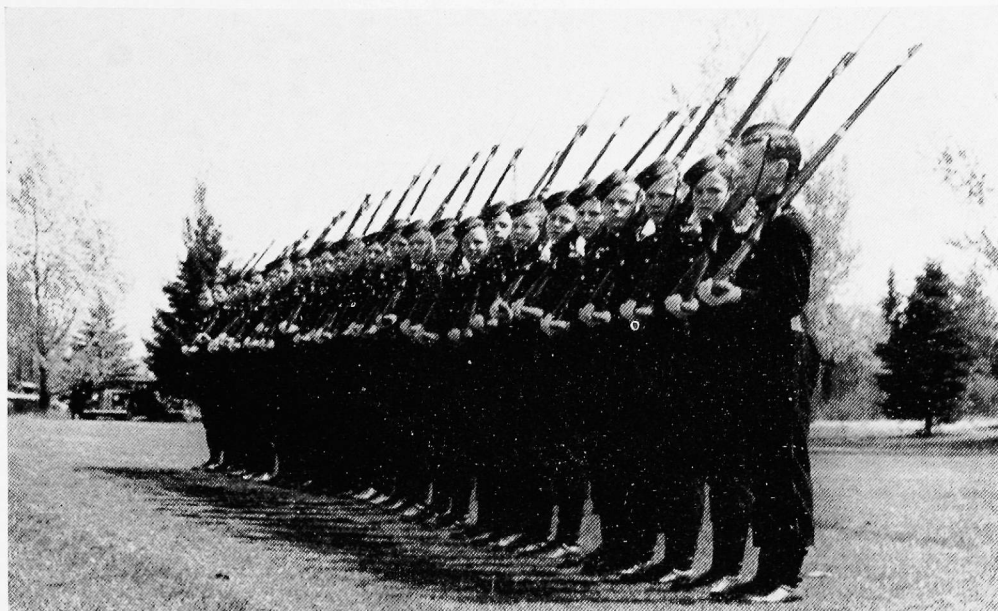

Preceding the dismissal Lieut.-Col. Chicoine presented the efficiency awards, namely:

Medal for the most efficient	Cadet, won by . . . . .	Cadet E. S. MACTIER
" " " " "	Platoon Officer, won by . . .	Cadet Lieut. I. L. SEWELL
Cup " " " "	Recruit, won by . . . . .	Cadet B. PURVIS
" " " " "	N.C.O., won by . . . . .	Cadet Sgt.-Major K. S. HOWARD
" " " " "	Officer in the Corps, won by	Cadet Major D. C. SETON

Lieut.-Col. Louis Chicoine briefly addressed the corps, congratulating them on the fine showing they had made, and also especially congratulating and highly praising Lieut. Inst. W. H. Fisher for being responsible for the high standard of efficiency of the corps and the showing that day.

LIEUTENANT FISHER

THE SPECIAL PLATOON DRESSING BY THE LEFT

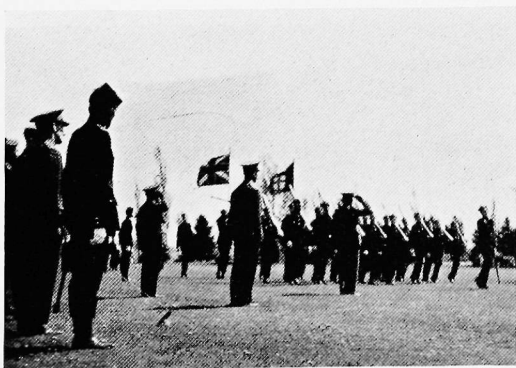

#### THE SPECIAL PLATOON

A special platoon, under the command of Cadet Lieut. N. F. MacFarlane, went to Montreal to participate in a cadet display at the 17th Duke Royal Hussars Regiment's armory, on the 16th of May. The squad went through the same drill as was witnessed on the inspection day, this being fifteen minutes of drill without words of command. The noise in the armory made it very hard for the cadets to do this drill, but under these very harsh circumstances they did admirably well, receiving terrific applause from the spectators.

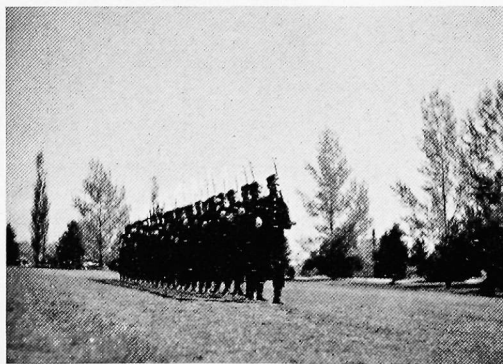

#### RIFLE SHOOT

The form rifle shooting competitions are now under way, but unfortunately the results will not be had at time of going to press.

## DEBATING SOCIETY NOTES

The 1940-1941 session of the B.C.S., D.S. was, possibly, the most successful year in twenty years of B.C.S. debating. The average oratory was better, the enthusiasm greater and there were more brilliantly outstanding debates than any debates that we can recall.

January the eighteenth was "Hat Night". There were 28 members present and the subjects covered a wide range.

There was a meeting of the B.C.S., D.S., on Saturday evening, February the eighth. The motion before the house was: "*That this Society is of the opinion that Russia is a greater menace than Japan.*" Holt, Hugessen, Skelton, Holley and Hallward spoke for the affirmative, and Nixon, Sheppard, Peverley, Maxwell, Grav and C. Smith for the negative,

For the motion.....11

Against.....10

"*Modern youth is superior to that of yesterday*" was the topic on February the twenty-second. Upholding the motion were Jarrett, Nixon, Hugessen, Morkill, and Macfarlane. Against: Bishop, Hallward, Horniman, Holley and Hanson.

The result was a draw until the Chairman, exercising his option for the first time, declared in favour of Modern Youth.

On March the first "*A Carthaginian Peace*" was debated.

For the motion..... 9

Against..... 9

"*That the war will be over this year*" was the motion before the House on Saturday, March the eighth. This was a very hotly-contested debate and the motion was lost.

For the motion..... 3

Against.....23

There was a meeting of the B.C.S. D.S. on Saturday evening, May 3rd. The motion before the House was: "*That this Society is of the opinion that Canada's contribution to the war effort is satisfactory*".

Holley I opened for the affirmative, asserting that Canada's initial effort was excellent but that the reaction to her factory building by the Chamberlain government was disappointing. He enumerated some of Canada's efforts: The Registration Law, enormous taxes, very generous gifts, the voluntary giving up of pensions by veterans, the imprisoning of fifth columnists, the 22 training schools for pilots and the over-subscription of war loans.

All this he maintained, bolstered British morale. "Not least of her achievements", he concluded, "was her part in the working out of the closer rapprochement with the United States and the present Anglo-American friendship."

Holley II opened for the negative. He maintained stoutly that Canada should have introduced conscription at the beginning of the war; that Canada was spending immense sums on luxuries; that Canada was not as war conscious as Australia and that the Salvage Campaign should have started earlier.

Knatchbull-Hugessen II, continuing for the affirmative, argued that the opposition was comparing the Canadian war effort with that of Britain, and that, therefore Canada comes out at the little end. He asserted that our war-effort is picking up at an amazing rate considering the immense difficulties with transportation problems. "If the people are not doing their utmost, the Government certainly is" he concluded.

*Macfarlane II*, for the negative, queried what effect the war-effort had on us? Do we suffer more? How much? What do we do without? He warned the House that we were in a desperate war and must do more.

*Sheppard*, affirmative, pointed out that the war loan was over-subscribed in three days: that Canada was taking part in a war 3,000 miles away and that if taxes were made outrageous it would cripple a country that is still pioneering; that all taxes are cheerfully paid and all bonds over-subscribed within an incredibly short time. He quoted Churchill as saying that the morale of the Canadian troops is excellent.

*Nixon*, for the negative, considered that the present government should be scrapped and the velvet glove of the politician replaced by the hard heads of the business men. He contrasted the laxity (sic) of Canada's war effort with the feverish preparations of the United States, still a neutral country. He excepted, in his denunciation, the Air Service, which he considered the only thoroughly efficient work done by Canada.

*Holt*, for the negative, launched a vitriolic attack on the laws which refused British emigrants to enter Canada, asserting that Canada was the fourth producing country in the world and only lacked population to make her productive output on a par with the United States.

*Grav*, also negative, compared Australia's war effort with Canada's to the advantage of the former. In critical mood he drawlingly suggested that if 200 bombs were dropped on Montreal it would make Canada war conscious.

*Wedderburn-Maxwell* spoke for the affirmative, disagreeing thoroughly with the opposition, and maintaining that road-building and public works were a necessary part of the war contributions. "Had the forces of war made England the central scene of conflict, instead of the Mediterranean, we would not have so strong an opposition to-night", he concluded.

The motion was put to the House and lost: For the motion... 7

Against.....14

## DREAMS AND TO-MORROW

This strip of coral anchored in the sea,  
Like some glowing gem—and all about it, see!  
The lesser jewels. Oh! I remember—  
Too well perhaps—that glad December.  
For mixed with sweet rememberings come thoughts  
Of others daring to intrude on spots—  
Which once were clad in virgin dress—my own,  
'Till like a fool I made their presence known.  
The land which I discovered and which I  
Will ne'er again revisit—ne'er to lie  
On sun-drenched, sandy beaches. What a place!  
A laugh, a run, a jump, a skip, a race—  
Paradise itself could not be sweeter.  
The sun meeting secretly with the sea—her  
Green-blue Indies water, lapping the shore,  
Now softly, and now with increased roar,  
The salt-soaked waves unceasingly torment  
The coral caves, 'till they, now tired and spent,  
Once more grow quiet, soft-like, and serene.  
The night grows dark; and by the golden beam,  
(The twinkling stars and shining moon, I mean).  
Light up the black-blue waters, a gay scene,  
One sees a far-off sail. Becalmed lovers,  
Who care not for the wind, the world. Others,  
Have often felt the same. Thoughts of a time  
When I was there. Ten short days! A lifetime  
Full of happiness. When never a care  
Came to my head. But stop it, Boy! Beware  
These dreams. They are of the past. To-morrow  
You become a man. So throw off sorrow.  
For there is something else now to be done;  
Exams to pass—A War—that must be won.

PETER G. HOLT,  
May 30th, 1941.

P. G. HOLT

FOOTBALL CAPTAIN

PREFECT

WINNER GRANT HALL MEDAL FOR DEBATING

# Chapman's

All boys, we feel sure, will look back on this year at Chapman House as one of happiness and pleasure. It has been a successful year in many ways and the House has managed in the last two terms to take an important place in all school activities.

Since all the Chapman House boys are in the fifth form, most are writing a few matric exams and we expect they will get these off their chests without much difficulty.

The House was represented on the hockey team by Howard I, and Howard II saw lots of action as the substitute goaler. Lemieux, Churchill-Smith, Pitfield and McMaster starred on the junior team. First crease cricket, under the tutelage this year of our house-master, Mr. Love, boasts three Chapman House boys, namely Howard I, Howard II, and Churchill-Smith. Hugessen II made the ski team and was excellent in one of the principal parts in "Patience". Besides this, the majority of Chapman House was on the Special Platoon.

Cedric Winsor, formerly of William's House, is now ably carrying out his duties as one of the house head-boys, taking the place of Ian Sewell who was moved to School House at the beginning of the Easter term.

Finally, we should all like to express our appreciation for the kindness which Mr. Love and Mrs. Love have shown us throughout the year.

K. S. H.

# Williams'

As the year draws to a close, we can all look back with gratitude to the time we have spent at Williams' House. We wish to thank Mr. and Mrs. Patriquin for all their kindness and the enjoyable Sunday evenings.

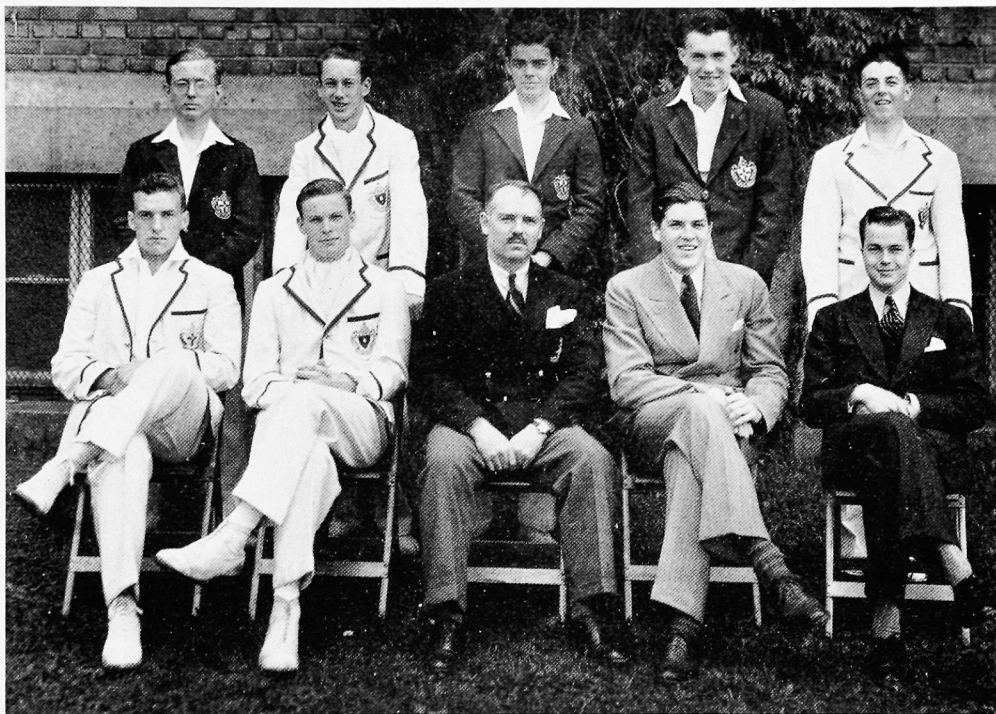

In the beginning of the second term we lost Cedric Winsor who was promoted to the rank of Head Boy at Chapman's House. We are very sorry to see him go, but we were glad of his good fortune.

We are glad that all boys in Williams' House took an active part in all school activities. Davis I made first hockey and cricket. Landry was extra man on the ski team; Holley is business manager for the school Magazine, and Ronalds is also on the staff. Davis I and Flintoft took an active part in the Gilbert and Sullivan opera "Patience".

Every one at Williams' House is taking Matriculation this year, and we all join together to wish one and all the best of luck in their June exams.

L. C. D.

PREFECTS - 1941

*Back row:* D. S. NICHOLL, A. I. S. WREGG, K. S. HOWARD, R. R. POWELL, L. C. DAVIS

*Front row:* C. J. P. RAMSEY, N. F. MACFARLANE, C. G. M. GRIER, ESQ., P. G. HOLT, J. A. B. NIXON

## Senior Matric

### NORMAN FYFE MACFARLANE

Mac entered B.C.S. as a new-boy in the fall of '36. That year he ranked first in his class and played on the bantam hockey team. His next year he topped off excellent performances for midgets A hockey and Under XVI cricket teams by winning the junior all-around cup.

His third year he repeated on all teams and has now, for the past two years, starred as "snap" on the first football team, this year winning the coveted Cleghorn cup, awarded to the most valuable man on the team.

He has been an asset to the hockey team for two years, being the highest scoring forward this season. This year he also made the cricket XI.

In track, he has the excellent record of having won the 100, and 220 yard sprints and the hurdles in his class for the past three years. Last year he was a prefect, a sergeant in the cadet corps and he won the intermedate all-round. This year he is a head prefect and officer of No. 1 Platoon.

Norm expects to enter Engineering at McGill next year, and we all wish him the best of luck in his future endeavours.

C. J. P. R.

### COLIN JOHN POPE RAMSEY

John entered the Preparatory School in the fall of '34 and two years later was promoted to the Upper. Before leaving the Prep. he distinguished himself by winning his weight in boxing and playing on the 1st cricket team.

His first year in the Upper he led his form and ever since has been near the top of his class, coming first again this year.

While in the Upper School John has played hockey for midgets and juniors. For the past three years he has been a stalwart member of 1st football crease and this year was outstanding as a hard-hitting middle for 1st team. John's third year he played for Under XVI cricket team and the last two years he has played for the 1st team. This year his heavy batting and fast bowling made him a very valuable member of the team. Last summer he also won the junior tennis doubles and his age shoot. He has been a member of the choir for many years and has played principal parts in the last two light operas. Last year John was a head boy and this year he has been promoted to prefect and is a sergeant in the Cadet Corps.

John is taking his senior matric. and plans on entering Engineering at McGill next year and all his friends wish him the best of luck.

N. F. M.

## ALISTAIR IAN STUART WREGG

Al came to us in the fall of '37 as a new boy in the fourth form. In his third year he was a head boy at Chapman's House, and this year he was a prefect.

In '40 he was on the second football team, and is a stalwart member of the first team. Last year he was captain of the junior hockey team, and this year played defence on first team. As a new boy he was on the Under XVI cricket team, and has been on the first team for the past three years, being elected captain in '41. He has always been very proficient at golf and tennis, winning the junior doubles in '38.

Al was in the cast of the "Pirates of Penzance", "Iolanthe", and "Patience", and he is also a member of the choir. This year he was a director of one of the school plays.

Attaining a high average in junior matric, he won the Lieut.-Governor's medals for French and Latin. Next year Al hopes to enter Toronto University and all his friends wish him the best of luck.

H. E. C. F.

## HENRY EDWARD CHARLES FEDERER

Hank came to us this year from Gordonston School, Scotland. Having obtained Oxford and Cambridge School Certificates he was placed in the 7th form. Football was new to him, but he was keen to learn and soon took an active part. Hank is a very enthusiastic skier and during the summer term he is trying his hand at track and field sports.

He is an active member of the Camera Club and an art editor on the Magazine Staff. He obtained his Cadet Corps signalling certificate this year. Next year Hank intends to enter McGill where we wish him every success.

A. I. S. W.

THE QUEEN REBUKES THE PEERS

## Sixth Form Notes

PETER GRATTAN HOLT—B.C.S. 1935-1941

It seems like only yesterday but it was away back in 1935 that P.G. made his appearance in these hallowed walls of B.C.S.

Not at all a one track man P.G. could be found applying his talents in all fields of sports and school activities.

During his senior year Pete made the ski team and was a member of second football team and also a valuable sub on first team.

P.G. really began to excell his next year, being a Head Boy, a staunch member of first football team, cross-country star of the ski team and a secretary of the Debating Society, showing himself truly apt in this line of diversion.

This year we find Pete a Prefect and captain of the football team, again a secretary of the Debating Society, a business manager of the Magazine, and doing his share in the Cadet Corps, holding the post of cadet-sergeant in number one platoon.

His plans next year are to enter McGill and then join the Navy. Whatever course he follows we are sure he will succeed in it and wish him the best of luck.

J. A. B. N.

JOSE ALEXANDER BANFIELD NIXON—B.C.S. 1937-1941

"Joey" left Granby High School in 1937 to come to B.C.S. Having completed a successful new boy year he came back in 1938 to become an outside on second team football and a useful sub on first team. He also distinguished himself by winning the junior gymn competition and the Strathcona Medal for shooting. However, it was in 1939 that he hit his stride. He was made a head boy and won his football colours. He was elected president of the Debating Society and business manager on the Magazine. To top it all off he won the Grant Hall Medal for Debating. So ended '39-'40. Shades of Saturday nights.

"Joey" came back this year to find himself a prefect, received his football colours for the second time and was re-elected president of the Debating Society, and made head business manager. During the winter he was an indispensable member of the ski team. In the cadet corps Joe is a lieutenant and this is just about the only place he does not wear his good natured grin, and this is as it should be. Joey has perhaps done more than anyone else to brighten up school life, as all his friends—and he has many—will tell you.

Next year Joe hopes to go to McGill and we don't have to wish him success because whatever Joe undertakes is always successful, not only for himself, but for all that are concerned with whatever he does.

P. G. H.

KENNETH SIMPSON HOWARD—B.C.S. 1937-1941

In the fall of 1937, the halls of B.C.S. were graced by the appearance of Kenneth Simpson Howard. He was placed in III-A and immediately displayed his genius by leading his form in the mid-term exams. That winter he was elected captain of the bantams hockey team.

The next year he held his position at the top of the form although faced with keener opposition. He distinguished himself by making midgets-A hockey team.

The following year, he was promoted to V-A and made a head boy. He played 2nd team rugby, 1st team hockey, and 2nd team cricket.

This year Ken returned to complete his school education and found himself a prefect. He is well on his way to being a three-colour man by making 1st rugby and 1st hockey teams and has an excellent chance for the cricket team.

We wish Ken the best of luck in his matric and we hope he will do as well at McGill as he has done at Bishop's, where he endeared himself to all by his keen wit and constant high spirits.

Salve, Ken.

M. F. D.

#### LESLIE CHARLES DAVIS—B.C.S. 1933-1941

Leslie entered B.C.S. in 1933. He spent his first three years in the Prep, where he was outstanding in all activities. Before he left the Prep. he earned himself a place on all the Prep. teams and the captaincy of the cricket XI.

In 1936 Leslie entered the Upper School in the third form. During the five years Leslie has spent in the Upper School, he has risen from a new boy to a prefect and has played on first team hockey and cricket as well as second team rugby.

Nor have Leslie's activities been confined to sports for he has been in the Pirates of Penzance, Iolanthe and Patience, having a leading role in the latter.

Les is also a captain in the Cadet Corps.

He is undecided about his plans for next year, but whatever he may choose, we all wish him the best of luck.

R. R. P.

#### ROBERT RAY POWELL—B.C.S. 1937-1941

Bob came to B.C.S. in '37 and was placed in the 3rd form, where his cheery disposition won him many friends. The next year he was at the top of IV-B, a standing which, although he has lost at times due to A-form opposition, he has certainly lived up to. The same year he made 3rd rugby team.

Last year Bob was made a senior and made 2nd rugby and cricket, as well as playing goal for Sixteen and under hockey teams.

This year Robert was made a prefect, and he excelled himself in all school activities. Due to his fine field generalship and hard work he was elected captain of 2nd rugby. In hockey he was a sub-goaler for 1st crease. In cricket, Bob plays for 2nd XI.

Bob has not yet made up his mind about the future, but whatever it holds for him we all wish him the best of luck.

L. C. D.

#### DAVID SHELLEY NICHOLL—B.C.S. 1938-1941

Shelley arrived at B.C.S. in the autumn of 1938 from sunny Bermuda.

In his new boy year he began a career which reached its peak this year. He took the part of Ruth in the Pirates of Penzance, was in the choir and the band.

The next year in form V-A, Shelley played the Lord Chancellor's role in Iolanthe, turning in a truly professional performance. He was again in the choir and the band,

in which he was one of the best drummers, as well as a member of Under Fifteen rugby. He also took part in one of the one-act plays, playing the part of Falstaff with great élan.

This year, promoted to the Sixth Form, Shelley has been made a prefect. As usual he excelled himself in *Patience* as the aesthetic poet, Bunthorne. He is drum-major in the band and one of the staunchest voices in the choir. He played the role of Dr. Manette in *The Tale of Two Cities* excellently.

Throughout his career at B.C.S. he has shown himself the best poet in the school and has often graced the Magazine with his works.

Next year Shelley intends to go to Harvard and we all hope that he will do as well there as he has among us.

D. Y. H.

#### DAVID CARISTON SETON—B.C.S. 1936-1941

Dave came to B.C.S. in the autumn of 1936 and soon distinguished himself as Captain of Bantams hockey team. During the next two years Dave stood out at track, was a member of 2nd rugby team and midgets hockey team. In the school year, 1939-40, Dave became 2nd-in-command in the Cadet Corps, played 1st team rugby, hockey and track. This year he is a head boy and a member of 1st team rugby, hockey and track, being captain of the latter. He is the Corps Commander. Dave's plans are as yet undecided, but whatever he does and wherever he goes we are sure he will meet with success.

Good luck, Dave !

W. A. B.

*Stop Press*—Dave received a cup for Cadet Corps at inspection this year.

#### IAN LIVINGSTONE SEWELL—B.C.S. 1933-1941

Ian arrived here from Baie Comeau in the autumn of 1933 and was placed in the Prep. where he remained for four very successful years. In the course of them he made every team at least twice, was outstanding in gym, and was a member of the choir. The most responsible boy in the Prep. he was liked by all, masters and boys alike.

In 1937, Ian progressed into the Upper School where he distinguished himself by playing midget A hockey, and 1st crease cricket. The next year, he came second in the junior cross-country, again played midget A hockey, third team rugby, and 1st crease cricket.

Then, having been promoted to the Fifth Form, Ian acquitted himself well in his studies and played 1st team rugby, 1st team hockey, and 1st crease cricket. He also took part in *Iolanthe* and the *Pirates of Penzance*.

This year Ian topped his achievements by becoming a head boy, captain of hockey and again playing 1st team rugby. He gave up cricket this year to drive the school truck and he is very valuable to the school not only as a student but also as a member of the personnel. It remains to be seen whether he will receive a salary or not.

Ian's plans for after matric are uncertain, but we hope to see him back next year. He will do well wherever he goes without our added wishes for good luck, but we give them just the same.

Farewell, Ian, there will be a gap at B.C.S. for many years when it loses you.

B. F. L.

## JOHN PHILIP SKELTON—B.C.S. 1937-1941

Skellie arrived at B.C.S. in '37, and was placed in III-B. He took part in all sports and won the prize for general proficiency at the end of the year.

The next year he was on the IV-A roll-call. He made 3rd football team and the junior ski team.

1940 brought Skellie back as a senior in the Fifth, studying hard and again winning the prize for general proficiency. He was a sub for 1st team rugby and was 5th man on the junior track team.

Now in VI-A John found himself head boy in D dormitory where he started out four years before. Later in the year he was placed in charge of two dorms. He was left outside on the 1st rugby team but was prevented from skiing by a broken finger. This summer he has been made supervisor of the new "farming" crease.

Next year John hopes to attend McGill but is waiting for the examiners to cast their vote before saying anything definite.

We hope that he will satisfy the examiners and be able to attend 1st year engineering.

Good luck, John.

E. T. P.

## DAVID IRVINE WANKLYN—B.C.S. 1936-1941

Wank came to B.C.S. in the fall of '36. He spent his first two years in the Prep. and topped his class both years. In '38 he entered the Upper and in fourth and fifth forms, he distinguished himself by winning prizes for maths and science and also coming second in his class both years.

This year he is a head-boy and president of the Dramatic Society. He is also a prominent member of the choir and an ardent photographer, being on the Camera Club committee. This being his third year in the Cadet Corps he was a corporal in the ski platoon and a member of the Special Platoon which represented the corps in Montreal.

Next year he intends to take an engineering course at McGill and we wish him the best of luck.

E. S. M.

## EDWARD STUART MAC TIER—B.C.S. 1937-1941

Teddy arrived at Bishop's in the Fall of '37. He spent his first years in the top form in the Prep. and distinguished himself by making all the teams and winning his weight in boxing.

He managed to struggle through his new boy year without serious mishap and last year he found himself a neutral in V-A as well as a member of both junior hockey and track teams.

This year Ted is a head boy in the VIth Form. In the autumn he was left middle on the Under Sixteen rugby team and in the winter he became a forward on the first hockey team. A prominent member of the Cadet Corps, he was a member of the Special Platoon which went to Montreal.

Next year Ted expects to take an accountancy course at McGill and we wish him the best of luck. The School will miss him a great deal.

D. I. W.

## KENNETH WYNDHAM KNATCHBULL-HUGESSEN—B.C.S. 1936-1941.

Hugie first graced the halls of B.C.S. with his presence in the autumn of 1937. That year, in the Prep, he took an active part in all activities and sports. The next year in Remove Form, he still stood high and showed signs of literary talent.

In 1938, he was promoted to IV-A in the Upper, where he first took up writing seriously. He survived this, his new kid year, safely, and having played on bantams hockey team, proceeded to V-A.

There Hugie had a very successful year. He was in the Iolanthe chorus, the choir, a member of Under Sixteen rugby team, and again on bantams hockey team. He played small parts in the Dramatic Society with great success and topped an excellent year by winning a special prize and attaining the magnificent mark of 100% in his Geometry matric.

This year, however, saw the consummation of Hugie's achievements. He is a head boy in Chapman House, where his sympathy and responsibility have won him many friends. He again played for Under Sixteen rugby team, was one of the best drummers in the band, and a member of Special Platoon. His literary abilities have almost attained perfection in both prose and poetry. He played the role of Sydney Carton in *The Tale of Two Cities* with skill and understanding.

Hugie plans to enter McGill and then the navy although we hope to be able to welcome him back next year.

Hugie, B.C.S. bids you farewell, wishing you the best of luck and realizing that you will leave a blank not easily filled among us.

F. S. H.

## DAVID MICHAEL LANDRY—B.C.S. 1936-1941

Herky arrived at B.C.S. in the autumn of '36 and went into the Prep. where he stayed for two years and did well in all his sports.

Herky entered the fourth form in the Upper as a new boy. That year he came first in the new boy gym competition. He also won the cup for the best recruit and played first crease cricket.

The next year, Herky played on the Under Sixteen rugby team and was made captain of Under Sixteen cricket. He also took up drawing and won the C. C. Kay prize for drawing.

This year Herky was promoted to head boy at Williams' house and became a lance-corporal in the cadet corps. During the winter term he was made extra man on the ski team and section leader in the ski platoon. This term he is playing 1st team cricket.

Herky's plans for next year are undecided but whatever he does we wish him the best of luck.

D. G. M.

## DAVID GRIFFITH McCONNELL—B.C.S. 1937-1941

Mac entered the Form IV-A in autumn 1938. His first year he acquitted himself well in the new-boy gym competition by placing third. He also played on one of the hockey teams.

His neutral year which was passed in V-A he took part in Iolanthe and played on junior II hockey team.

This year Mac is a headboy at Chapman's House. He was chosen for the camera club committee and was in the school plays as electrician and director.

Right at the beginning of the year, Mac was in the choir and consequently took part in Patience. This term Mac has taken up track.

Whatever he goes in for we wish him the best of luck and success.

D. M. L.

#### ARTHUR CHRISTIAN WILLIAM AVERY BISHOP—B.C.S. 1935-1941

Bill began his career in 1935, entering the Preparatory School. In his first year, he distinguished himself in sports making 1st soccer and cricket teams.

The next year Bill entered the Upper School, making the 5th team rugby, but taking no other part in school activities due to illness.

At present this is Bill's sixth year and he has always had many activities. On the magazine he has been literary and exchange editor. He has oft proved himself a fiery orator in the Debating Society. This year he has made 2nd team rugby and been captain of tyros hockey team. As usual he shines on the track crease.

Bill is a head boy and a lance-corporal in the Cadet Corps, as well as a member of the Special Platoon.

Bill has not neglected his studies and he has always stood high in his class. Good luck, Bill.

D. C. S.

#### CEDRIC ARTHUR WINSER—B.C.S. 1937-1941

Cedric came to the school in the eventful year of 1937. He quickly showed his talent in gym by winning the Martin Cup for the most all-around improvement in gymnastics. During his second year, Cedric led an active life and took part in all school activities. This year Cedric was appointed a head boy, head librarian—a position which he capably fills. He was also a ranking member of 3rd team rugby. During the winter he was in the ski crease.

Cedric was on the magazine staff as head sports editor. He intends to go to McGill and we all wish him the very best of luck.

L. E. B. W.

#### EDWARD THOMAS PATTON—B.C.S. 1937-1941

Tom came to the School in September, 1937.

In his second year, he made 3rd team football and 1st ski team. Last year, as a senior, he made 2nd team football, 1st ski team, 1st track team, which competed at Stanstead, and on Closing Day he won the mile.

This year he became a head boy, a sub for 1st team football, a member of 1st ski team and a mechanic on the newly-formed farming squad.

On finishing school Tom plans to enter the Air Force and we wish him the best of luck.

J.P.S.

## MICHAEL FRANCIS DOYLE—B.C.S. 1937-1941

Michael made his debut at B.C.S. in 1937 and in the following four years he has progressed from III-A to VI-A by steady and competent work. Mike has done much in these four years and has taken a leading part in all activities.

In the realm of sport, Michael has shone. In football he worked his way up to 1st crease where he subbed for 1st team. In hockey he first appeared on Bantams and next as captain of Midgets B. Unfortunately, appendicitis and a bad heart have kept him out of action for the last two years. At present he seems a likely wicket-keeper for 1st cricket team. Mike is also one of the best gymnasts in the school.

All through the Patience season, Michael worked very conscientiously as stage manager. He is president of the French Club and a business manager on the Magazine. For the four years he has been here, Michael has made a hit with all and is one of the most popular boys in the school. He hopes to go to McGill next year and we wish him the best of luck although he probably won't need it.

K. S. H.

## BRIAN FREEMAN LYNN—B.C.S. 1934-1941

In September, 1934, a husky lad from Thetford Mines entered the Prep. His 1st year he spent in making friends. In 1935, Brian was in the choir. In 1936 Brian made all teams and the following proceeded into the Upper where he made 3rd team rugby and Midget A hockey. In 1939 he made 1st team rugby and Midget A hockey as well as being a member of the chorus of pirates in Pirates of Penzance.

In 1940 Biff made 1st rugby and hockey and this year has repeated both feats. He is also driving the school truck this term. He is one of the most useful boys in the School, being, among many other accomplishments, a lance-corporal in the Cadet Corps as well as a member of Special Platoon.

His plans for next year are undecided but we all join in wishing him good luck in his matric and whatever career is honoured by his ambition.

I. L. S.

## ERIC STUART McCUAIG—B.C.S. 1937-1941

"Googy" came to the School in 1937. He took part in all activities and came second in his class. The same year the first ski team was founded and during the season "Googy" won the junior Eastern Townships School Ski Meet as a member.

During his neutral year "Googy" played on 5th rugby team, Under Sixteen Cricket team and again took part in skiing activities. He also played a role in one of the three one-act plays, came 3rd in the junior gym competition, and did well in all his work.

1939 brought "Googy" back as a senior in V-A. He still showed the same steady work and made 3rd rugby team, 2nd cricket team, and, as usual, the ski team.

The same year he won the senior tennis doubles.

This year "Googy", a sub for 1st team rugby, was also a member of the ski team as well as lance-corporal in the Cadet Corps and hence a member of Special Platoon.

We are all sure he will pass his matric and we wish him good luck in the Air Force which he plans to join in September.

J. B.

## JOHN BLACKLOCK—B.C.S. 1937-1941

John entered the Prep. in January, 1937, where he took part in all activities and made the cricket team. The following year he ascended into form III-A in the Upper School. As a new boy he made Bantams hockey team and came fourth in his class.

His neutral year saw John on Under Sixteen cricket team and steady work moved him into V-A.

As a member of this form he was a valuable member of 2nd cricket team. He was again successful in passing his year, thus moving into the Sixth Form.

In his last year John has been on 2nd football team and 1st cricket eleven, and we all wish him as much luck in his matric as he has had at B.C.S. E. S. M.

## JOHN DAVIDSON FLINTOFT—B.C.S. 1935-1941

Flip came in 1935 to find that he was going to spend two years in the Prep. His second year he made all three teams.

The next year Flip entered the Upper as a new boy in the III form. Then when in Chapman House he made the Under Sixteen cricket team.

In 1939 he returned to School House and made Under Sixteen rugby and 2nd team cricket.

This year he made 1st crease cricket and was in the Special Platoon. He is taking some of his matric this year and is uncertain about the future, but whatever he aims at we all wish him the best of luck. E. A. G. H.

## DAVID YUILE HODGSON—B.C.S. 1937-1941

Dave arrived at B.C.S. in September, 1937, and began his school career in Form 3-A. He made the 4th rugby team his first term and in the second played Midgets hockey. Rounding out an extremely successful new boy year by coming 3rd in his class he was promoted to IV-A. This year he was at Chapman House and on Midget B hockey team. In 1939, Dave became a senior and was promoted to V-A.

This was another year of laurels for he made 3rd team football, was on Juniors hockey, and in the summer played on the tennis crease.

This year he made 2nd team football and surprised us by turning his talents toward the stage. Not only did he become secretary of the Dramatic Society but also directed one of the three one-act plays. He was a dragoon in *Patience* and became a member of the choir. To this impressive score he added the distinction of being appointed a lance-corporal and a member of Special Platoon.

In spite of all he has managed a steady year's work and has every chance of getting his matric.

The McGill campus will receive Dave next year and we know that the generous nature which has earned him so many friends will carry him far. Best of luck, Dave. D. S. N.

## FREDERICK SHERMAN HOLLEY—B.C.S. 1936-1941

In the fall of 1936, Sherman first made his appearance at B.C.S., coming from Unadilla, N.Y. In his two years in the Prep, he achieved consistently good marks and made steady progress in sports. Entering IV-A as a new boy in '38, he has now risen to the station of a sixth form senior.

In addition to making excellent marks, Sherman has been a member of both Tyros hockey team and 2nd crease cricket for two years, and in the literary field his versatile pen has turned out both prose and poetry to rival the best. Most outstanding, however, has been his interest in school activities. He belongs to the Debating Society and the Players' Club, in which, in the role of Barsad, he turned in an excellent performance in "The Tale of Two Cities", as well as being a business manager of the Magazine and a ticket-seller for "Patience".

Sherman expects to be back next year and then to enter Harvard University. If his ability has anything to do with it, he will do as well there and wherever else he may go as he has at B.C.S. Good luck to him !

K. W. K. H.

#### LIONEL EDWARD BRITTON WALSH—B.C.S. 1937-1941

"Buddy" arrived here in the autumn of 1937 and was placed in the Remove Form in the Prep. The next year he graduated into IV-A in the Upper School. The same year he was on Bantams hockey team. When he was promoted to V-A, he joined the Dramatic Society and was a member of the Iolanthe chorus.

This year, a senior in the VIth Form, he is again a member of the Dramatic Society, the Patience chorus and the ski platoon. He was the key-man in the Cadet Corps Special Platoon.

He is taking matric this year with an eye to McGill but his plans for the future are undecided. Whatever he decides on we all wish him the best of luck.

C. A. W.

#### JEFFREY BURLAND LINDSAY—B.C.S. 1936-1941

Jeff came to the Prep. in 1936 and immediately became a member of the soccer team. The next year he made soccer, hockey and cricket teams, being captain of the latter. He came into IV-A as a new boy in '38 and was on both the Midgets hockey and the Under Sixteen cricket teams. His neutral year, he was a valuable member of the Under Sixteen rugby and cricket teams and played junior hockey. In the summer term his excellent shooting won him the School championship. This year he is a senior in Matric Remove and a very valuable man on the second crease football team. He was chosen a member of the Special Platoon. During the first term, his performance as the Rev. Cuthbert Cheese in "A Collection will be Made" was outstanding. He was a member of the Gilbert & Sullivan choruses and has been in the choir ever since his Prep. days.

All in all, he has been a valuable member of the School and we wish him the best of luck in matric and all his future plans.

B. P.

#### ARTHUR OWEN GRAV—B.C.S. 1936-1941

Swede came to B.C.S. in 1936 and was placed in the Prep, where he immediately distinguished himself by winning his weight in boxing as well as the Whittall Cup for the best skier. To show that he had brains as well as sports ability, he came 2nd in his class and also was in the choir.

The next year, still in the Prep, Swede was again on the ski team.

Promoted to Form IV-A in the Upper School as a new boy, he played 4th crease rugby, Orphans hockey and Under Sixteen cricket. He took part in the Pirates of Penzance.

The next year, a neutral in V-A, he played 3rd crease rugby, and was on the Under XVI cricket team.

This year Swede is a senior. He played 2nd crease rugby and was on 1st ski team.

He took the part of Grosvenor in Patience and played his role excellently, being one of the mainstays of the entire performance.

His plans for next year are undecided but he hopes to go into the Navy in the near future. Whatever he does, we are sure that his good humour will win him friends. Good luck, Swede.

R. W. R.

#### EDWIN ARCHER GERALD HANSON—1938-1941

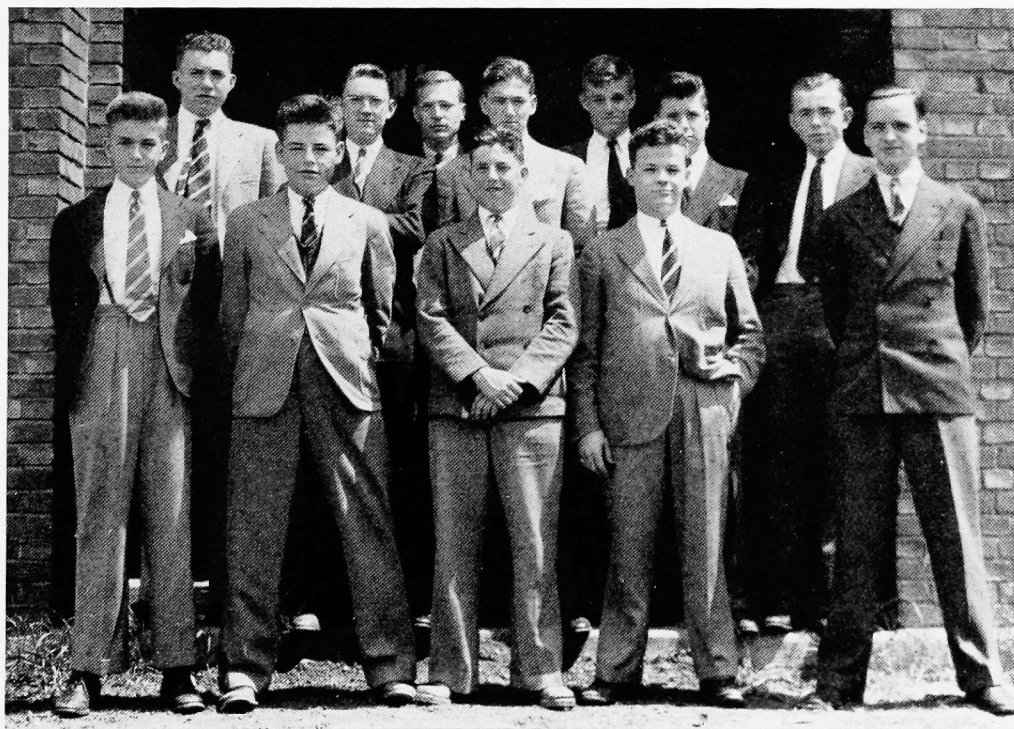

Sin came to the school in autumn of '38 and spent his first year as a new boy in the Fourth Form.

His second year was spent at Chapman House as a neutral, during which time he made third team rugby and skied during the winter.

This year he returned to School House and is in Matric Remove. He played on 2nd crease rugby and during the winter was in the ski platoon. This year he was working with the track squad as well as working for matric.

Gerry's plans for next year are not certain yet but whatever he does we wish him the best of success.

J. D. F.

M. R.

## RUSSELL WADLEIGH RONALDS—B.C.S. 1939-1941

Barrel rolled in here in 1939. He got into the stride quickly by making 2nd team rugby. In the winter term he played on Junior II hockey and in the summer term on 2nd team cricket.

This year Barrel has had bad luck in the sport line. He broke his collar bone at the beginning of the rugby season and was out of it entirely. He played 1st crease hockey but in the summer term he has been troubled with an infected finger and thus cannot play on 1st crease cricket where he was assigned.

He was in the Debating Society and one of the business managers of the School Magazine. He hopes to get his matric this year, but his plans for next year are undecided. Let us hope that he rolls along the straight and narrow path under control.

A. O. G.

## BLAIKIE PURVIS—B.C.S. 1940-1941

Blaikie came to Bishop's last September. He entered the Sixth Form and consequently became a neutral. He played third crease football, acted in *Patience* and was a member of the Special Platoon. His most outstanding accomplishment was the ski team. He won several meets and came second in the L.C.C. meet. Blaikie is a good worker and we all wish him luck in his matric.

J. B. L.

*Stop Press*—Blaikie also received the cup for the best recruit in the Cadet Corps on Inspection Day.

## IVAN ERIC PETER CHILDS—B.C.S. 1940-1941

Sid arrived at the School from Radley in September, 1940, and was placed in the Sixth Form. A fast runner and a good kicker, he quickly adapted himself to rugby which he had never played before.

A member of the French Club he is a good linguist, gestures and all. He won the ping-pong championship over all comers and he is a keen tennis-player. This term he is on first cricket team and one of its steadiest batsmen.

He has enjoyed his stay at B.C.S. and hopes to return next year for senior matric. We wish him the best of luck.

K. W. M.

## JAMES PATRICK ASHLEY-COOPER—B.C.S. 1940-1941

Jimmy arrived here with the rest of the British contingent in the fall of 1940. He settled down quickly, making many friends. He took part in all games with great vigour. During the Easter term he was a prominent skier. This summer he has shown the symptoms of a true cricketer and narrowly missed 1st XI. He is a keen sportsman who misses his pheasant shoots but consoles himself with riding as far as his work will allow.

His plans for next year are uncertain but we hope he will bring that cheerful disposition back here again. We wish him the best of luck.

M. C. G.

## KEIR WEDDERBURN-MAXWELL—B.C.S. 1940-1941

Keir came to B.C.S. in the autumn of 1940 from Charterhouse in England. He has quickly adapted himself to Canadian life, settling down remarkably well in his new home. He is usually in a joyful mood and takes an enthusiastic part in all sports of which his favourite is skiing. He is one of the best rifle-shots among the recruits, is a member of the choir, and was a member of the dragoon chorus in *Patience*. A member of the Debating Society he is a good speaker. His plans are as yet unsettled, depending chiefly on the course, but he intends to work during the summer vacation.

Whatever he may turn his hand to we could not but wish this cheery English lad the very best of luck.

I. E. P. C.

## MICHAEL GIRI—B.C.S. 1941

"Suitcase" came here from L.C.C. late in the Lent term. He went into the Sixth form and from the start, as the name implies, amused everyone by carrying his books, etc., around in a suitcase.

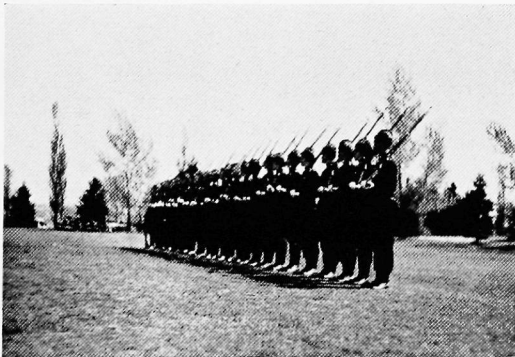

His artistic talents were immediately noticed and he was engaged as a scene painter for "*Patience*". Apart from this he has painted posters to aid the School's war savings effort.

In the Lent term he was an ardent member of the ski crease and this term is playing second crease cricket.

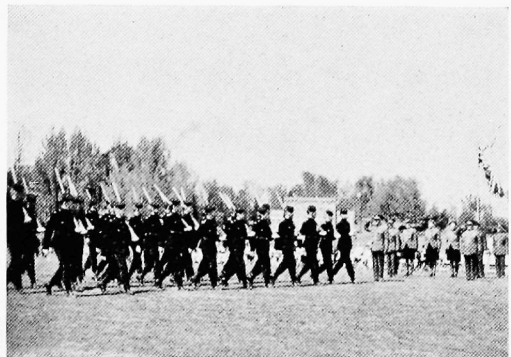

He has had the good fortune of having travelled in many countries and speaks three languages besides his own. These are Russian, German, and French. He hopes to use these or his artistic talents in the near future.

He takes matric this year and we hope he does very well. His plans for next year are undecided but again we wish him the best of luck.

BY THE RIGHT

THE MARCH PAST IN CLOSE  
COLUMN OF PLATOONS

## Five=A Form Notes

A is for Adams, he's just eight feet tall;  
 B is his breadth, he has none at all.  
 C is for Cockfield, our brainy head boy,  
 D is for Dohan, who almost looks coy.  
 E is for Eden, who left us last term,  
 F yes, its Finley, small, but quite firm.  
 G is for George, (censored)  
 H is for Holley who just missed the (censored)  
 I stands for idioms—our favourite hates,  
 J is for Jenkins, who hails from the States,  
 K stands for knowledge, its something we lack,  
 L is for Lem, the best quarter-back.  
 M is a moron, who wears a green sack,  
 N is the noise heard when Hugie is back.  
 O is just what we get when we try,  
 P is for Patience which wasn't so dry.  
 Q is for quips of which we are full,  
 R is for Rastus, a chemist with pull.  
 S is for Slaps, its also for Mort;  
 T is the tone of the master's retort.  
 U is for ugly which we are not,  
 V is for vigour which makes us so hot;  
 W is for Willy, who's too big to bop,  
 X is the colour of Lobber's dear mop.  
 Y is for years with which we are bent,  
 Z is for Zimpy one hundred per cent.

## Five-B Form Notes

- BLAYLOCK, SELWYN. French Club, 3rd crease football, ski crease, track. Plugging hard for exams. Spike ought to do all right.
- DAVIS II, JACK. French Club, 3rd crease football, ski crease, won boxing, 1st crease cricket. Son has nothing to worry about in the coming exams.
- FISHER I, NED. 1st crease football, 1st team hockey, boxing crease, Science Club. Ned is in the groove for VI-B next year.
- FISHER II, JAKE. 1st crease football, ski crease, farming, Science Club, Patience, a sure bet for VI-B.
- HARDING, VERN. 3rd team football, 1st team hockey, track, Science Club. Good luck in exams, Vern!
- MACDONALD I, KLINE. 1st team hockey, cricket, and football. Nice going, three-colour man! Patience, another VI-B project.
- MORKILL, FRANK. Under XVI football, midgets hockey, boxing crease, Patience. Here's hoping Sixth. Debating Society.
- PEVERLEY, FRED. 3rd crease football, ski crease, boxing, Science Club. Been plugging hard for exams.
- SCHWARTZ, DUNCAN. 3rd team football, tyros hockey, boxing crease, Science Club. The exams ought to treat him all right.
- SHEPPARD, TED. 1st team hockey, cricket, football, another three-colour, congrats! Patience, Debating Society. See you in the Sixth.

## Third Form Notes

Ten little new kids  
 In the Third Form line  
 Johnnie was beaten  
 And then there were nine.

Nine Third Form new kids  
 One for line was late  
 That one was Smitty  
 And then there were eight.

Eight Third Form new kids  
 Want to go to heaven  
 Steve missed the narrow path  
 And then there were seven.

Seven Third Form new kids  
 Someone keeping nix  
 Stenhouse didn't hear him shout  
 And then there were six.

Six Third Form new kids  
 Glad to be alive  
 Hancock got Cadet Corps drill  
 And then there were five.

Five Third Form new kids  
Rolling on the floor  
Sani was reported  
And then there were four.

Four Third Form new kids  
Out on a spree  
Mitchell didn't come back  
And then there were three.

Three Third Form new kids  
Feeling awf'ly blue,  
Curly was discouraged  
And then there were two.

Two Third Form new kids  
Rolling dice for fun  
Taylor rolled snake-eyes  
And then there was one.

One Third Form new kid  
Playing with a gun  
Mike pulled the trigger  
And then there were none.

R. W. SMITH.

THE ARREST OF DARNEY

THE "PATIENCE" CAST

## The Players' Club

### "PATIENCE"

Where were you on the night of January the 21st—and what has that to do with the B.C.S. production of Gilbert and Sullivan's "Patience"? Well, if you had been around on or about that date, you might have received the following impressions:

There is a splintering sound, and Mr. Page's baton disintegrates. Some thirty would-be Dragoon Guards on the stage begin to realize that time and tune are items that require concentration. Mr. Page stops them. The first basses and the second basses are confused, a state of affairs that can be tolerated no more in Gilbert and Sullivan than in baseball. Mr. Page not only tells them, but shows them. They go on and get it right.

Some thirty Prep boys sit on chairs in front of the stage. They have just finished a short rehearsal, during which they learned that being a Rapturous Maiden does not mean clumping flat-footed across the stage with a mouthful of gum. Mrs. Glass and Mr. Grier have told them and shown them. They are learning to walk and act and sing at the same time.

Elsewhere drawings for the scenery are taking shape, and designs for the maidens' costumes, and various individuals are pondering such widely different problems as how to look both angular and flat, and how many strings has a lyre?

So you see what you missed on that January evening. How about the 21st of April?

It is seven o'clock. A full rehearsal is under way. Mr. Page's eighteenth baton shivers into a hundred pieces, but the Dragoons are singing. The Rapturous Maidens are showing the results of painstaking coaching. They are now maidenly on the stage and rapturous on demand. In a far corner of the auditorium Ramsey, Colonel of Dragoons, Macdonald, the Major, and Sheppard, or Lieutenant the Duke of Dunstable, are creating an extra routine for their "You hold yourself like this" scene. Macdonald will be lucky if he gets through with a whole skin and no broken bones.

Nicholl, as Bunthorne, comes onto the stage. He has grown into his part and now gives as satisfying a picture of that fleshly poet as last year he did of the Lord Chancellor in "Iolanthe".

Davis, as the Lady Jane, appears in all her matronly majesty. This part is no easy one to handle, but Davis knows his job. He was one of General Stanley's daughters in "The Pirates of Penzance", he was the Fairy Queen in "Iolanthe", and his acting seems effortless.

Grav, as Grosvenor, the idyllic poet, skips into the foreground and lets the rafters have it on the subject of a magnet which hung in a hardware shop.

John Moffat, Andrew Hugessen and Arthur Charlesworth are now at home in their parts as the Ladies Angela, Saphir and Ella, and they nobly support Ross Smith, who has the title role of Patience.

Smith's understudying for the part of Phyllis last year in "Iolanthe" gave him solid experience on which to base his work this year. Even the musical and stage directors, who usually suffer agonies of apprehension as their leading girl warbles towards an exacting high note, admit that with Smith in the spotlight they feel no qualms. He sings easily and truly throughout rehearsals, and his acting is smooth and graceful. His duet with Grav, "Prithee, pretty maiden . . ." and his solo in the second act, "Love that no wrong can cure . . ." look like show-stoppers.

Jonnie Robinson as Bunthorne's Solicitor invents his own routine and changes it nightly without lowering its comedy.

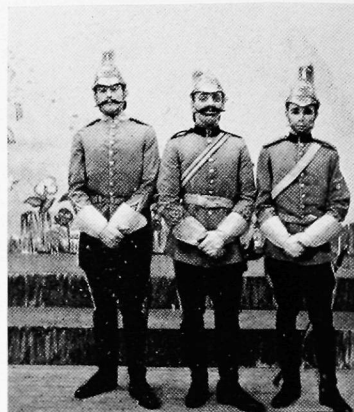

THE QUINTET

THE SOLICITOR

"LOVE IS A PLAINTIVE SONG"

DUKE, COLONEL, MAJOR

Behind the scenes paint-brushes are active. Landry and Giri are putting finishing touches to some of Mrs. Moffat's scenery. The stage-hands are getting their jobs down to a machine-like efficiency under the direction of stage-managers Doyle and Finley. Doyle and Finley are distributing and collecting properties. Doyle and Finley are keeping an eye on the costume room. Doyle and Finley are working on scenery. Doyle is silvering a birch-tree and Finley is painting an advertising poster. The punctilious reader may object that Doyle and Finley are doing a great many things at once. The punctilious reader is quite right. They are, and doing them well.

Mrs. Pattison and her helpers are turning over completed costumes to Mrs. Page, costumes which in colour and design delight the eye whenever the Maidens' Chorus appears—and wait till you see the hats they wear for the finale.

Mr. Moffatt, in charge of make-up, is prepared to turn Prep boys into glamorous maidens, and older boys into mustachioed Dragoons. At the moment he is trying a few

"JANE"

BUNTHORNE

LOVE REQUIRED

formulae to see how they look under the lights. Mr. Pattison is somewhere behind the scenes finding to his disgust that the lighting has got to such a stage that he cannot improve upon it.

Away from the frenzy of rehearsal Mr. Hall, the Business Manager, is in a huddle with his ticket salesmen, who return to him from their daily expeditions with more money than you've seen since you hit the jackpot in '06.

Well, you get the idea—about a hundred and fifty people all working towards the nights of April 25th and 26th. And there's no need to ask you where you were on those evenings. You and about four hundred and fifty others each night were getting your eyes full of colour, your ears full of music, and your palms full of blisters. You were enjoying the musical accompaniment of Mrs. Bell and Miss Dawson; you were enjoying the acting of individuals, principals and members of the chorus; you were enjoying each encore and demanding more; you were enjoying lines of delightful nonsense and melodies that would haunt you for weeks to come; you were enjoying yourself.

THE POET

## THE SCIENCE CLUB

Regularly on Saturday nights during the first two terms about fifteen enthusiastic boys have attended this club. Mr. Davis lectured, and demonstrated most interesting experiments, in the fields of Chemistry, Physics and Biology.

At the opening of the year, members tried their hand at blowing glass and constructing mercury thermometers. Another evening was profitably spent in learning the principle of siphons, accompanied by apparatus demonstrations aptly conducted by Mr. Davis.

Amongst experiments embracing chemistry were the method of making the incendiary leaflets used by the R.A.F. over Germany, and an examination of the vitamins, including their occurrence and their effect upon the human system.

Stepping into the field of biology, Mr. Davis showed the members microscope slides, and explained the method of preparing and mounting specimens to be examined.

Professor Kuehner of the College came up one evening in the first term, and conducted experiments dealing with reducing the surface tension of water. For those who wish to try to synthesize the agent used, which was "Aerosol OT", its formula is:

and its technical name is the dioctyl ester of sodium sulfosuccinic acid ! This agent has the power of making ducks sink, so the club is looking forward to a duck dinner when they find some ducks to experiment on !

This term there have been no meetings, but next year Mr. Davis expects to resume meetings of a well organized club.

R. A. S. and D. W. McL.

## THE VAGABOND

I'm a wanderer of the by-ways and a lover of the road,  
I'm a trampler of a million miles of street;  
I have known the continents that were the ancient tribes' abode,  
And I've felt the dust of ages 'neath my feet.

I have stood a-top the world when the skies were turning dark,  
While streamers of the sunset streaked the west;  
When every lake for miles around became a fiery spark,  
And all the world was sinking into rest;

I have stood upon the sea-shore when the ocean was awake  
And watched the sun go down across the bay;  
And seen the last of evening's twilight follow in its wake,  
While Ocean stayed awake—awake as day;

I have stood upon a dewy deck upon a misty morn  
And felt the breeze of dawn upon my cheek;  
And seen the light come creeping in, as one more day was born,  
And the beauty touched me so, I could not speak;

I have wandered through the mountains, I have wandered o'er the plain,  
In the cities, in the farmlands, by the sea;  
Known the paupers and the rich men; known the ruled, and those who reign;  
All the more I thank my God that I am free !

I have wandered down the byroads that will lead to kingdom-come,  
For to any tranquil life I'll not be bound;  
I'm an everlasting vagabond: the highway is my home,  
But the life I've lived to seek for, I have found.

KENNETH KNATCHBULL-HUGESSEN.

From "La Tribune—

### "PATIENCE" REMPORTE UN FRANC SUCCES

Les élèves de l'Ecole du Bishop's College prouvent qu'ils sont capables de rendre avec art l'opéra satirique.

C'est véritablement un vif succès qu'a remporté samedi soir "Patience", opéra léger en deux actes de W. S. Gilbert et Arthur Sullivan, que présentaient les élèves de l'Ecole du Bishop's College de Lennoxville.

Durant toute la représentation, ce furent rappels sur rappels et l'auditoire semblait ne vouloir cesser d'applaudir lorsque le rideau s'est tiré sur la fin de la pièce.

"Patience" est un opéra satirique sur l'engouement qui régnait en 1880 pour les poètes. Au premier acte, on voit tout un chœur de jeunes filles se plaindre de leur sort, car Bunthorne, le poète, qu'elles ne quittent pas d'une semelle et qu'elles harcèlent de leur amour ne les aime pas. Bunthorne est en amour avec une laitière ingénue qui porte le nom de Patience.

Arrivent les Dragons de la Garde, admirateurs des jeunes filles qui ne leur réservent qu'une froide réception. Les Dragons repartent froissés.

Bunthorne, un moment seul, éprouve le vide de sa vie de poète, son amour. Patience devient embarrassée et même effrayée et déclare ne rien connaître en amour. Survient Lady Angela qui révèle à Patience que l'amour est une passion noble et désintéressée et qu'elle a le devoir d'aimer quelqu'un. Patience promet de faire tout en son possible pour aimer.

Voici que par hasard arrive un autre poète, Archibald Grosvenor, dont la beauté rend toute jeune fille amoureuse de lui. C'est un ami d'enfance de Patience et en se revoyant, ils tombent tous deux en amour.

Mais constatant que cet amour n'est pas désintéressé, ils se disent adieu.

C'est alors que Bunthorne décide de se faire tirer au sort par ses admiratrices, mais au moment même où se décide la loterie, Patience vient dire à Bunthorne qu'elle accepte d'être sa femme. La chœur des amoureuses tournent alors leur affection sur le beau Grosvenor.

Au second acte, Bunthorne devient furieusement jaloux en constatant que Patience aime réellement Grosvenor et raconte sa rage à Lady Jane. Les rivaux finissent par se rencontrer et Bunthorne demande à Grosvenor de se faire couper les cheveux et de ne plus s'habiller en poète.

Grosvenor exécute sa promesse et les jeunes filles, suivant son exemple, abandonnent leurs lyres et cessent de s'habiller en Muses. Aussitôt, leurs coeurs retournent se jeter dans les bras de Grosvenor aux Dragons, tandis que Patience Bunthorne reste seul avec sa gloire de poète mais sans épouse.

#### *Franç succès*

C'était là un opéra difficile à rendre pour des élèves de collège mais les élèves du Bishop's l'ont rendu de façon merveilleuse, tant dans les rôles masculins que dans les rôles féminins.

Les officiers des Dragons de la Garde, dont les rôles étaient remplis par John Ramsey, Gerald Macdonald et Douglas Sheppard, avaient tout le crâne et l'allure martiale voulus et ils ont su rendre tout le comique de la scène ou ils se déguisent en poètes, au second acte, pour gagner le coeur des jeunes filles.

Avec son "british accent", David Nicholl était le Bunthorne, l'esthète tout choisi. Leslie Davis était également tout à fait dans son rôle de Lady Jane et Ross Smith faisait une belle petite Patience ingénue. Les autres personnages ainsi que le chœur des Dragons et celui des Amoureuses méritent également de franches félicitations.

Il convient donc de formuler un témoignage non pas seulement de félicitation mais d'admiration au directeur musical W. A. Page, aux directeurs artistiques C. G. M. Grier et Mme C. L. O. Glass, à l'organiste Mme R. J. Bell, à la pianiste Mlle F. Dawson, au régisseur H. L. Hall, au directeur technique F. R. Pattison et à Mme Pattison qui s'est occupée des magnifiques costumes, aux autres producteurs; M. R. L. Evans, Mme W. A. Page, M. et Mme G. H. Moffat, de même qu'à tous ceux qui ont aidé les producteurs à faire de cette représentation un véritable succès artistique.

## Hockey Foreword

The past season gave us cause to retain our belief in B.C.S. hockey, although it was marked by the loss of another inter-school trophy—the Ashbury Old Boys' Cup. Frankly, the available material appeared to be decidedly below the usual calibre when the season opened, and few expected the team to win many games. We had no experienced goalie; we had lost three of last year's most prolific scorers, Dodds, Kenny and Sewell, whose sticks had produced more goals than is usual in school teams, and we lacked a right hand shot on the forward line. The first game was not especially encouraging. An Old Boys' team took advantage of the School's numerous and silly penalties to run up a large score to which our two Rhodes Scholars contributed materially.

Not to be dismayed was our loyal and unruffled coach, Gerry Wiggett. He smoothed out the wrinkles, put a strong curb on the tendency toward rough play, and guided the team through a string of drawn games in the local High School League till we found B.C.S. tied for first place in that section on the eve of the L.C.C. game at Lennoxville.

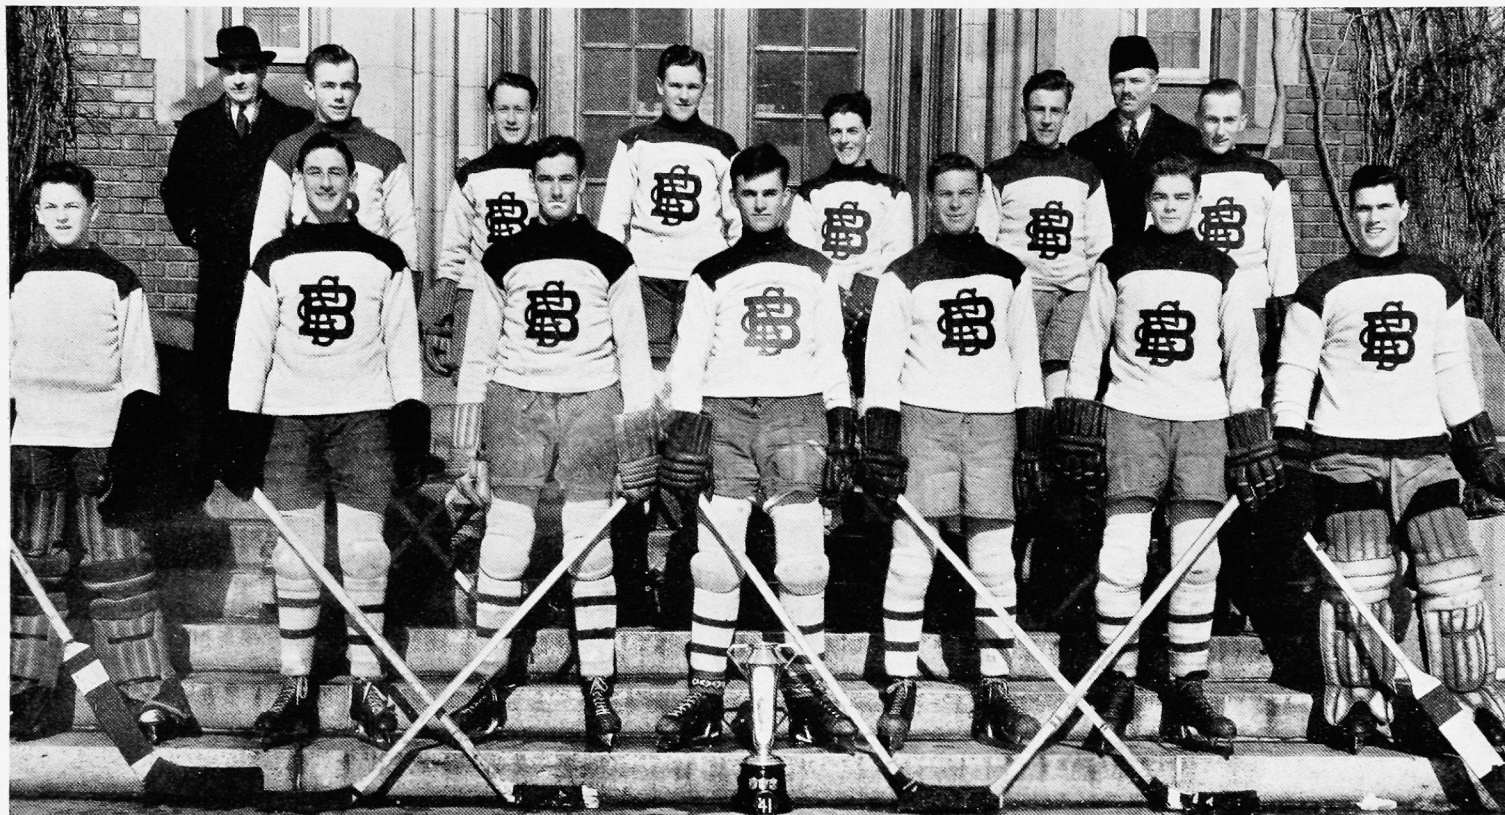

Lower Canada brought out a team much improved over their last year's squad. The game was ragged, but exciting, and an adverse decision by the narrowest possible margin was better than many had hoped.

First signs of sound improvement came with a clear cut, fast and furious victory over St. Pat's by a score of 3-0 just before the Ashbury game. This latter game, from all reports, was a fine display. Ashbury had scored six times last year in losing to B.C.S. in the School rink, and one is inclined to record this year's 2-3 loss to the same line-up as one of those "moral victories", which are often, as this one was not, a salve for injured pride. On the basis of our first practices with untried material, Ashbury might well have scored ten times against our 1941 squad. Old Boys who saw the game report that the School might have won with a break or two, and are high in their praises of Davis I, whom we feel inclined to nominate for a distinction as one of the most energetic, intelligent and gentlemanly centres to wear the School purple for many a year.

In the High School League, our one victory over the St. Pat's team, three ties, and two wins from Lennoxville High, gave B.C.S. nine points, which was a point more than S.H.S., the second place team, was able to amass. Lateness of the season prevented us from appearing in a play-off with the High School, and so both teams had to be satisfied with two draws of the regular schedule.

The 1940 first team set a precedent which was maintained this year. As before, prefects scraped, shovelled and helped most efficiently with the refereeing, thus setting an example to seniors, neutrals and new boys which they followed cheerfully. A staff of four referees developed into as fine arbiters as one could wish; Doyle, Churchill-Smith, Davis I and Wregg were always available, even to the extent of working outside games under weather conditions that were by no means pleasant. Efficient timers, scorers and umpires, generally termed "minor" officials, were major factors in making the four-game half holidays a pleasure rather than a burden. It may well be that only those whose job it is to supervise hockey appreciate these less conspicuous services, but we hasten to extend the thanks of all concerned to the boys who stood by loyally to eliminate delay, dispute and confusion.

Feb. 20	B.C.S. vs. St. Pat's Juveniles (Away)	Won	5-1
Games won.....4; Games Lost.....6; Games Tied.....3.			

Goals Scored .....45; Goals Against.....36

## B.C.S. DRAWS AGAINST SHERBROOKE CANADIENS 3-3

Jan. 22nd. The first game of the season ended in a draw. During the first frame it looked as though B.C.S. would overwhelm the Canadiens, Macfarlane, Seton, and Harding scoring the School goals.

"Mac" made a lot of excellent saves in the second period.

In the last period Sherbrooke began to rally, picking up three goals.

On the whole the game was full of pep, and was really exciting.

---

## B.C.S. LOSES 6-4 TO OLD BOYS

Jan. 25th. The game was fast and furious. It opened with a withering attack on our nets, Smith and Robinson leading the foray. Finally their shots were too overpowering and "Mac," after making some wonderful saves, let one slip through. This first goal of the game was scored by Robinson. Smith soon followed it up with another score. Then he came back for still another.

The last part of the first saw a counter attack by B.C.S. which succeeded in a goal by Howard.

Then only a few minutes to go Molson slipped through our defence men and scored.

In the second frame Smith and Molson scored for the Old Boys, Fisher and MacFarlane for the School.

The final period was hard fought, Davis scoring for B.C.S.

Penalties were quite numerous, however, both sides received the same number. They were mainly for tripping and charging.

---

## B.C.S. NOSED OUT BY OLD BOYS 6-5

Jan. 26th. After losing a hard fought game yesterday to the Old Boys, B.C.S. was out for revenge.

Soon after the face off in centre ice Sewell went for a lovely goal single handed. However the Old Boys resented this, so Churchill-Smith, after overcoming great opposition, put one in. Stairs and Molson followed up this attack, placing them out in front by two goals.

Then with only a few minutes to go our boys turned on the heat, Sewell and Seton scoring two quick goals, tying up the count 3-3.

The only goal in the second was scored by Molson shortly after it had begun.

In the final frame Sewell and Howard, keeping up their fine standard, scored. Ian scored his, as usual, "unassisted". This put the School out in front once more. However the Old Boys regaining some of their lost vigour, made a final sally that succeeded in two goals, Smith and Molson doing the scoring.

Generally speaking the match was a great deal better than that of the previous day. Contrary to Saturday's game no penalties were handed out. Both sides showed great enthusiasm and fine sportsmanship.

## B.C.S. TIES WITH SHERBROOKE CANADIENS 3-3

Jan. 30th. The return match on Sherbrooke ice between B.C.S. and the Canadiens ended in a draw as did the first, both tallies being 3-3.

The School took an early lead, scoring two goals in the opening minutes of the game. Shortly after these points Sherbrooke retaliated with one goal.

In the second frame B.C.S. picked up another score, putting them out in front 3-1.

The third period saw a counter offensive by the Canadiens. They repeatedly harried our nets. This attack ended in evening up the score.

## B.C.S. AND ST. PAT'S PLAY 1-1 DEADLOCK

Feb. 1st. This was one of the most enjoyable games of the season. It was filled with both suspense and good sportsmanship.

Sewell scored the first goal, putting B.C.S. out in front with a slight lead.

The remainder of the match was practically goal-free, neither teams scoring until the middle of the third period, when St. Pat's finally evened up the score.

## B.C.S. OUTSCORED BY CHEZ-PINARD, 4-2

Feb. 6th. The match proved to be the fastest and most exciting of the season. The ice was excellent.

The Chez-Pinard succeeded in taking the aggressive and at the end of the first period they were leading three to nothing, Rediker, Simons and Perrault doing their scoring.

The second period was not quite so fast as the first, both sides endeavouring to get through one another's defences. Kizar finally got one home for Chez-Pinard.

The last period saw B.C.S. go all out in an attempt to make up the lost goals. Lynn and MacFarlane scored. However, after these goals, Chez-Pinard seemed to tighten up and thus the game ended 4-2.

The main reason for our not making more goals was due to their goaler. Our boys rained shot after shot into the net but all except two were warded off.

*Chez-Pinard:* Goal, Dupont; Defence, Carrion, Charest; centre, Rediger; wings, Colton, Kizer.

## B.C.S. OUTPLAYED 3-1 BY COLLEGE SENIORS

Feb. 13th. The game was played on the College ice. Seton accounted for the School's only goal.

The College tallies came one in each period.

On the whole the game was good. However, our boys really never got started. After Seton's goal our team was beginning to look hot.

Their goaler was the cause of our not making a higher score.

## MIDGETS

*Back row*—C. L. O. GLASS, ESQ. (Coach), A. H. FINDLEY, J. RAINVILLE, R. S. HAMPSON, S. DAY, J. R. MACCURDY  
*Front row*—R. N. COEFIELD, W. C. PITFIELD, R. F. MACMASTER, T. A. EVANS, A. L. LEMIEUX,  
 F. W. MORKILL, J. A. SEWELL

## B.C.S. BEATEN BY L.C.C. 2-1

Feb. 15th. Due to an unexpected thaw the ice was poor, therefore the game was not a fast one.

Seton scored the School's only point during the opening minutes of the first period. L.C.C. picked up their two goals in the second frame.

The final period saw both teams fighting hard but neither succeeding in scoring.

B.C.S. outskated their opponents, but were not able to pass with any degree of accuracy.

L.C.C.: Goal, Fletcher; defence, Cape, Goldbloom; forwards, M. Mills, Cattle; center Richardson.

## B.C.S. OUTSCORES LENNOXVILLE HIGH 5-1

Feb. 19th. This game was played on Lennoxville ice. Our team proved too powerful for its opponent. Sewell, Seton, and Fisher accounted for the School goals.

Not much can be said of the match in regard to play making and excitement, but it can be said that the Lennoxville boys maintained an excellent spirit throughout the entire game, not letting up for one moment until the very end.

---

B.C.S. OVERWHELMS ST. PAT'S 3-0

Feb. 20th. B.C.S. was revenged in its second match with the St. Pat's Juveniles, shutting them out three to nothing.

Sewell accounted for each of the School's three goals, all of which were scored single handed. The first score was made in the opening period, "Ian" making a break down the ice. His second goal was made in the same fashion (unassisted). The final count saw him carry the puck all the way from the School's blue line down into enemy territory.

Sewell was undoubtedly the most outstanding player of the day. It is because of brilliant performances such as these that he is rated one of the season's best players and it also shows how he was high scorer for the year.

---

## B.C.S. DOWNED BY ASHBURY 3-2

Feb. 22nd. The match was played at the Forum in Montreal, both teams packing up, and meeting on strange ice.

B.C.S. went into the lead early in the game on a goal by MacFarlane, with Seton lending a helping hand.

Two fast goals in the second period by Ashbury, one by Burrows, and a second by Thomas, proved the turning point in the game.

In the final period, penalties to both teams counted. Ashbury got its third score when B.C.S. men were in the cooler. A penalty also was being served by Ashbury when Sewell tallied shortly after on a pass from MacFarlane.

---

## B.C.S. SHUTS OUT LENNOXVILLE 10-0

Feb. 26th. The School scored the only shut out of the season when they defeated Lennoxville High School ten to nothing. Scoring four goals in the first period, two in the second, and four again in the final frame, B.C.S. proved too powerful for its rival.

"Teddy" MacTier topped the scoring with three goals, while Fisher, MacFarlane and Sewell accounted for two apiece. Harding made the final goal, bringing the score to round figures.

---

## B.C.S. TRIUMPHS OVER COLLEGE JUNIORS 5-4

March 1st. On the opening play Fisher came in and took the puck, taking it well into their ice, where he passed to Davis, who scored a goal. This margin was soon lost, the College making two successive points.

In the second period Howard accounted for two of the School goals, Wregg and Seton doing the assisting.

The College scored only a few minutes after the face off. Then Seton, aided by Sewell, made a blistering shot on the College nets, evening the count.

With only a minute to go, Fisher and Davis came through again, this time Davis doing the assisting.

## FIRST TEAM PERSONALS

IAN L. SEWELL, *captain and left defence*:—Ian's 11 goals and 4 assists were by no means his only contribution to the team. He proved to be a dynamic and conscientious leader, a good organizer, and learned, as the season progressed, to practice self-control as well as control of his team.

NORMAN F. MACFARLANE, *left wing*:—Mac scored seven times and passed for a like number of assists in his first season as regular left wing. His skating and stick handling were much improved over last year. He was a valuable and clean player at all times.

D. C. SETON, *centre*:—9 goals and 4 assists. Dave took over centre after last year's position at right wing. He was a steady player who could be used when in a tight spot.

K. S. HOWARD, *right wing*:—5 goals and 8 assists. From left wing on the second line last year he moved to first line right wing where he filled the position very well. He played "heads-up" hockey and was a consistent back-checker.

E. M. S. FISHER, *right wing*:—5 goals, 3 assists. Last year Ned played as sub for the second line, and this year was on the second line. He played a strong offensive game, made good plays, and broke up opposition attacks well.

L. C. DAVIS, *centre*:—2 goals and 5 assists. Les showed the most improvement throughout the year. A hard worker, he developed speed and science as the season went on. His chief asset was his ability to disorganize the opposition.

B. F. LYNN, *defence*:—1 goal and 2 assists. Brian's skating and stick handling improved over last year. He was a hard body-checker who played clean hockey all through the season and got no penalties.

A. I. S. WREGG and H. D. SHEPPARD, *defence*:—Had one assist between them. They both came up from juniors to play defence, where they showed great improvement as the year went on.

V. HARDING and E. S. MACTIER, *forwards*:—These players shared five goals, and played good hockey all season as they filled in with the second line.

K. M. MACDONALD, *goal*:—This was Mac's first year in goal, and his average of 2.6 goals scored per game indicates a good season. After a few practices we had a goaler who had no fear of the puck and always kept calm. Next year Mac should be a great help to the team.

G. HOWARD, *sub-goal*:—He did not play as many games, but in the time he played he held down the opposition to 3.0 goals per game.

## MINOR HOCKEY

With the return of the Q.A.H.A. Midget and Bantam hockey to the Sherbrooke district this season, our minor creases plunged into the schedules with more vigour than ever, and we feel that the 1941 representatives were worthy of the best traditions of past years. In both sections our squads, at full strength, were the class of the district, although fate and German measles decreed that the Midget title should go to St. Pat's. Tied for first place with a single loss against them, Midgets lost by the odd goal in the three game play-off. Much as we deplore alibis, the ten day lay-off (not at our request) before the series began lost us a centre and two defencemen, and put too heavy a strain upon our replacements.

For the second time since our initial entry in the Bantam group, the Upper won sectional honours. Prep's three-year grip on top honours had left the third-formers a high standard to attain, and it is but fair to say that Prep. graduates virtually won the title this year, as only one Bantam of the 1941 squad, Johnson, was a newcomer to B.C.S. We extend our thanks and congratulations to the excellent Prep. "farm club."

One very pleasing feature of the minor teams' play this year was the emphasis upon clean hockey. In eighteen games, our players spent eight minutes only in the doghouse. We still have the Prep. record of no penalties in a season to equal. This record, set in 1939, received special mention from the Q.A.H.A. officials, and we hope to repeat it in the near future.

Back-checking was notable, too, as good condition showed in many of the games, especially in Midgets' great two-way game on the St. Pat's rink. Close covering gave us a shut-out that day, the only time it has occurred on the uptown rink in, at least, fifteen years. Risking the charge of sentimental reminiscing, we recall a 7-0 win over St. Pat's Bantams in 1935, when our wings tied up every shot from the sides, and our tiny goalie had to deal only with lobbs through the defence. Lieut. Bill Tyndale and Gunner Okill Stuart, now on active service with the R.C.A., may remember that evening in the School rink, which, we like to think, was a perfect demonstration of team play.

Again it is our privilege to record wholehearted support from the minor creases in the multiple duties and laborious tasks which accompany the hockey season, and to thank those who made the season of 1941 a success.

## EASTERN TOWNSHIPS' BANTAM LEAGUE Q.A.H.A.

*Final Standing*

	Won	Lost	Drawn	Points
B.C.S. ....	8	1	1	17
St. Pat's "B" .....	7	2	1	15
Mitchell School .....	6	3	1	13
L.H.S. ....	4	6	0	8
B.C.S. Prep. ....	1	7	2	4
St. Pat's "A" .....	1	8	1	3

Bantams' thirteen player squad discarded luck in favour of smart hockey, and swung back to the top of the local Bantam section for the first time since 1935. There were two really good teams in the league to give them plenty of opposition, yet strangely, the games they failed to win were with the weaker clubs. Deflated by the Prep's draw and a loss to Lennoxville, they finished well, beating Mitchell on the latter's ice, and pumping eleven goals into the Prep. nets in the final encounter.

Two excellent goalies developed in the season. Wallace was scored on at a rate of 2.01 goals per game, and Stoker, who played two periods less, had a fine average of 1.5. Wallace also filled in on the forward line effectively. Our defencemen started slowly, but improved steadily. Of the forwards, Price and McBoyle were all that could be desired from thirteen-year-olds, while the rest gave generally excellent support to these better than average speedsters. Price was a capable and efficient captain, although he has proved to be very camera-shy !

The team was awarded only two penalties in eleven league and exhibition games.

Individual scoring leaders were McBoyle, with 29 scoring points; Price, who got 20; Johnson and Smith, who tied for third place with 11 each.

Team colours were awarded to: Wallace and Stoker, goalies; Stevenson, Satterthwaite, Taylor I, Taylor II, defencemen; Price, Smith, left wings; McBoyle, Johnson, centres; Boright, Struthers, Norris, right wings.

### MIDGET HOCKEY

Beset by injuries at two critical junctures of the season, the Midget team was the only Upper School representative not to win a hockey championship this year. Nevertheless, the team gave a spirited display at all times and was unfortunate not to be at full strength for the final play-offs. This judgment does not detract in any way from St. Pat's splendid victory in the league championship, but the closeness of the rivals will be seen in the fact that the two teams, dead-locked at the end of the regular schedule, ran their play-off series to three tightly contested games before the eventual winner was determined.

The team started slowly when injuries first struck, and seemed to find difficulty in establishing any kind of a scoring punch. It gathered momentum as time went on, however, to run up some high scores against weaker competition mid-way through the season. Finally, the bugaboo struck again, this time in the form of measles, when it was least welcome, and we could not cope with St. Pats' staying powers.

Of the ten games played, B.C.S. won seven and lost three. All our defeats were inflicted upon us by St. Pats, while we were able to beat our old rivals twice. In goals scored, the team showed an impressive balance, with a total of 49 for, and 16 against.

Although it is difficult, perhaps unfair, to single out a few players for especial praise, tribute should be paid Evans, the captain, for a splendid season's play; McMaster, for his unselfish play-making; Day, for his steadiness on defence; Lemieux, for his heady work generally, and Cockfield for his courageous display in goals.

The results, game by game, were as follows:

B.C.S.	vs. L.H.S.	Won	2-1
"	vs. St. Pats	Lost	4-1
"	vs. S.H.S. "A"	Won	4-2
"	vs. S.H.S. "B"	Won	9-1
"	vs. S.H.S. "B"	Won	11-1
"	vs. St. Pats	Won	4-0
"	vs. L.H.S.	Won	12-0
"	vs. St. Pats	Won	3-2
"	vs. St. Pats	Lost	3-2
"	vs. St. Pats	Lost	2-1

The following played regularly:

Goal, Cockfield; defence, Day, Rainville; centre, Lemieux; wings, Evans and McMaster; subs. Finley, Morkill, Pitfield, McCurdy, Hampson and Sewell II.

Individual scoring list:

<i>Names</i>	<i>Goals</i>	<i>Assists</i>	<i>Total Points</i>
Evans . . . . .	17	4	21
McMaster . . . . .	7	11	18
Lemieux . . . . .	7	8	17
Finley . . . . .	5	4	9
McCurdy . . . . .	5	2	7
Pitfield . . . . .	5	2	7
Rainville . . . . .	4	3	7
Day . . . . .	4	2	6
Morkill . . . . .	2	3	5
Flintoft II . . . . .	0	1	1

## Skiing

This year over half the School turned out on skis in the winter term. The crease was very lucky to have "Charlie", the North Hatley ski pro as a coach.

Because of bad weather the season only got under way about two weeks after the term began.

Throughout the term trials were held on hills near the School, and some of these were very interesting and keenly contested.

After a spell of bad weather the Old Boys visited us for a meet. The cross-country was held near the School but the slalom and downhill were run off at North Hatley. Hugessen, of the Old Boys' team, won on the individual scores, and altogether the School took a beating, but both teams had fun.

This year a team from Lower Canada College came down to North Hatley to compete against us. B.C.S. won the races on average and placed in the first four. They were good clean races with good sportsmanship on both sides.

*Back row*—A. K. HUGESSEN, E. T. PATTON, A. O. GRAV, D. G. LORIMER, R. L. EVANS, ESQ.

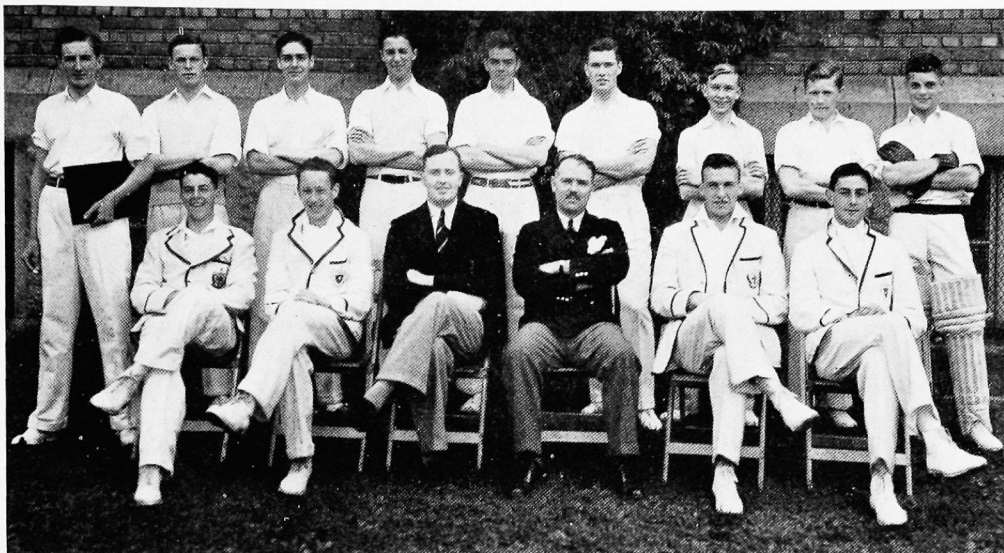

*Front row*—E. S. McQUAIG, D. F. WILLIAMSON (Capt.), A. B. PURVIS, J. A. B. NIXON

Williamson, who obtained the most points, received the Whittall Cup. The results of the races were as follows:

	B.C.S.	L.C.C.
Cross country . . . . .	100	80.9
Slalom . . . . .	92.6	100
Downhill . . . . .	95.5	100
	<hr/>	<hr/>
	288.1	280.9

Total results of individuals:—

1—Williamson . . . . .	B.C.S.	286.7
2—Purvis . . . . .	B.C.S.	278.9
3—Cochand . . . . .	L.C.C.	276.5
4—McCuaig . . . . .	B.C.S.	273.3
5—Parke . . . . .	L.C.C.	272.2
6—Butterworth I . . . . .	L.C.C.	264.5
7—Patton . . . . .	B.C.S.	264.3
8—Nixon . . . . .	B.C.S.	259.2
9—Boyle . . . . .	L.C.C.	258.5
10—Tyler . . . . .	L.C.C.	253.3
11—Grav . . . . .	B.C.S.	252.1
12—Wainwright . . . . .	L.C.C.	251.3
13—Butterworth II . . . . .	L.C.C.	251.1
14—Lorimer . . . . .	B.C.S.	237.1
15—Hugessen II . . . . .	B.C.S.	226.7

1st TEAM 1941

Back row—J. H. D. JARRETT (Scorer), N. F. MACFARLANE, M. F. DOYLE, J. N. BLACKLOCK, K. S. HOWARD, K. M. MACDONALD, I. E. P. CHILDS, D. M. LANDRY, M. I. HORNIMAN

Front row—L. C. DAVIS, A. I. S. WREGG, C. C. LOVE, ESQ., C. G. M. GRIER, ESQ., C. J. P. RAMSEY, H. D. SHEPPARD

## Cricket

This year's cricket season has been a good one for the School. We beat Ashbury College and Lower Canada College, thus winning the inter-School cricket cup.

The team has improved considerably, as was shown especially at the L.C.C. and Ashbury games. Mr. Love coached the team as Mr. Grier was too busy to do it this year.

The batting was much stronger this year than last year, also the fielding was better. Ramsey and Sheppard have helped the team considerably with their excellent bowling. Although Sheppard went off during the season, he finished off in fine style by taking 7 wickets for 6 runs in the L.C.C. game.

Childs, Wregg and Davis have been our mainstays in batting although the others have come to our rescue when these people have failed. Wregg, Davis, MacDonald and Blacklock have been very useful change bowlers.

A. I. S. WREGG (*Capt.*). An excellent opening bat who has borne the brunt of the bowling with MacDonald. A very good fielder, and a useful change bowler. He has managed the team excellently and it is partly due to him that the team has done so well.

L. C. DAVIS. A very good bat and a good bowler and fielder. He'll be extremely useful to us next year, if he remembers to wait for the right ball to hit.

C. J. P. RAMSEY. A hard hitter, but rather unreliable. One of our better bowlers and fielders.

H. D. SHEPPARD. Our best bowler and fielder, but his batting is still weak. He will be invaluable to us next year.

K. S. HOWARD. A useful batter and fielder.

I. E. P. CHILDS. An excellent batter and a good fielder. If he refrains from pulling good length straight balls off his wicket, he should make many runs next year.

N. F. MACFARLANE. A fair batter and fielder.

D. M. LANDRY. A good forcing bat, a useful change bowler, and one of our best fielders.

M. I. HORNIMAN. A fair wicket-keeper and a good bat. He should be very useful to us next year.

K. M. MACDONALD. A very good opening bat, although he needs to learn to hit more. A useful change bowler. He will be valuable next year.

J. N. BLACKLOCK. A fair bat and a very good bowler and fielder.

12th Man—M. F. DOYLE. A fair bat and wicket-keeper.

### 1941 CRICKET SEASON

Won 3

Lost 2

Saturday, May 3rd	B.C.S. vs. Bishop's O.T.C.	Won by 38 runs.

#### B.C.S. vs. BISHOP'S UNIVERSITY O.T.C.

On Saturday, May 4th, B.C.S. defeated the University O.T.C. on the School grounds, by 38 runs. The University batted first and soon after play had begun they lost Loosemore and Cooper in quick succession. Mr. Love, who opened the innings for the University, made a valuable 36 not out. Both our bowling and fielding were too good for the rest of the team.

B.C.S. started off badly by losing Flintoft I first ball. Davis made a very quick 13 before he was bowled. Ramsey then joined Wregg and they added 38 runs before the latter was caught. Blacklock, Sheppard, Wregg and MacDonald went out in quick succession. Macfarlane was then joined by Howard I and then Doyle, both of whom fell to Mr. Love. Churchill-Smith was out next over and Howard II came in. He and Macfarlane added 8 runs between them before Howard II was bowled.

## B.C.S. vs. THE OLD BOYS

On Saturday, May 10th, the Old Boys defeated B.C.S. by 38 runs on a first innings decision. Play began at 12.00 a.m. and B.C.S. batted first. The School made a very bad start by losing its first five batsmen for only 6 runs. A stand was then made by Landry and Childs, which before lunch, added 7 runs, bringing the total up to 13 runs for 5 wickets. During lunch the weather turned much co'der. Robinson, who had been bowling extremely well before lunch, was taken off and not put on again until the end of our first innings. Landry and Childs added some more runs after lunch and looked perfectly safe until the former was run out owing to some misunderstanding. Nixon then joined Childs and after a few more runs had been added Childs was caught after making a brilliant 22, which saved the day for the School. Sheppard also made some runs but after he and Nixon were out, only a couple of runs were added to our small total.

The Old Boys started off very uncertainly and it was only due to Collier I and Tomlinson that the Old Boys passed our total with only 5 wickets down. Sheppard, who was bowling magnificently, took his first 5 wickets for only 10 runs and his analysis for the game was 7 wickets for 24 runs. Churchill-Smith made a useful 26 before he was caught by Sheppard. The School's fielding was very good and Wregg made some excellent stops at point. After Churchill-Smith was out no one put up any serious opposition. B.C.S. then went in again and the first three batsmen fell quickly to Churchill-Smith's bowling. Davis went in and started to hit out right away. In his last over he knocked Robinson for a couple of 6's and was clean bowled when trying to do the same thing again. Landry and Childs looked as if they were going to make another stand but Childs was caught by Churchill-Smith. Nixon then joined Landry and they continued to bat merrily until stumps were drawn.

## B.C.S. vs. WESTMOUNT

On Saturday, May 24th, Westmount beat the School by 28 runs. Both sides played with twelve men. This was to have been an all day game but rain stopped play during the morning. The game started at 2.15 in bitterly cold weather. The School won the toss and went in to bat. Wregg and MacDonald opened the batting and added 8 runs before Wregg was bowled. Davis and Ramsey followed quickly. Landry came in and the scoring quickened. He was playing well until he misjudged a ball and was caught by Morrow. Howard then joined MacDonald. The former began to knock the

bowling about directly he came in and soon scored the first boundary of the game. A few minutes later he hit a 6 off Elvidge. Childs was run out soon after he had come in owing to MacDonald's late calling and an excellent throw in from Morrow. The next over MacDonald was bowled by Pentecost. He had been in an hour and three quarters and had made 8 runs.

Blacklock, who was playing well did not have time to make many runs before the rest of the side was out. Pentecost, who was the best Westmount bowler took 5 wickets for 15 runs.

Westmount started off merrily and twenty runs were up before the first wicket fell. Chappell then joined Sweeting and they took the total to 68 before Chappell was caught and bowled by Macdonald. Sweeting followed the same over after he had made a good 21.

Churchill-Smith and Pentecost then took the Westmount score past the School's, after which Pentecost retired. Elvidge, the Westmount captain, told the others to go in and hit up. The last seven batsmen only hit up 20 runs.

Horniman played very well at the wicket and also Blacklock was good. The fielding in this game was by far the best this year.

## B.C.S. vs ASHBURY COLLEGE

On Friday, May 30th, B.C.S. defeated Ashbury College by 27 runs on a first innings decision. The game, which was played on Westmount Park, started at 10.45 a.m. The School won the toss and went in to bat. MacDonald was out when only 8 runs had been made. Davis joined Wregg and they batted very well until the score stood at 37. Davis was caught in deep field by Thomas. Wregg and Ramsey were out in quick succession. Howard came in and started to bat very confidently and when the innings closed he had made 22 not out. Childs made 8 but no one else made any except Horniman, whose valuable 18 helped us in a very crucial moment. Bailey accounted for nearly all our wickets; his analysis was 8 wickets for 51 runs. Ashbury went in and started off badly by losing their first two batsmen for 6 runs. Burrows and Bailey were playing the bowling well until Burrows was caught in the slips by Howard. Holmes joined Bailey and they added 20 runs before the latter was out. Hughson and Holmes brought the score up to 58 before Hughson was out.

At this stage of the game it looked as if it would be a close game but Wregg's and Blacklock's bowling were too good for the remaining batsmen and they only added 12 runs. Wregg took 4 wickets for 6 runs, and Blacklock 3 wickets for 6 runs.

B.C.S. went in again. Wregg and MacDonald opened the batting and were batting merrily. Wregg was caught at 48 after he had made a very good 40. Davis was unluckily out a few minutes later. Ramsey came in and commenced to slaughter the bowling. In his first over he hit a 6 and two 4's and in his second two fours. In this short but sweet innings he made 22. Howard and MacDonald were out soon after Ramsey. Childs and Landry added 9 runs before the latter was caught by Thomas in deep field. Blacklock and Childs added 65 runs before the former was out. The next over Childs was out after he had made an excellent 42. B.C.S. declared a few minutes later with the score at 161 for 8 wickets.

Ashbury lost their first wicket at 2. Burrows and Maclaren took the score to 36 before the latter was bowled by MacDonald. Bailey added 6 more before he was out.

Burrows was out next ball and stumps were drawn at 6 o'clock. The Ashbury score then stood at 45 for 4 wickets.

## B.C.S. vs. L.C.C.

On Saturday, May 31st, B.C.S. completely defeated L.C.C. by an innings and 118 runs. The game started at 11 o'clock on the L.C.C. grounds. The School won the toss and batted first. Wregg and MacDonald opened in grand style. The former hit a six and a four on the first two balls of the game off Gault. At 21 MacDonald was caught by Mills at the wicket. Davis joined Wregg and after the former had only made a few runs he was dropped by Weston at square leg. This later proved to be fatal. Davis and Wregg then started to score very quickly and both were playing excellently. Wregg hit the boundary which both brought the School total to 100 runs and his own to 53. At 111 Davis made his 50 and 2 balls later was caught by Weston. These two added 90 runs

between them. Ramsey and Howard were out in quick succession and Wregg, after an excellent innings, was caught in the slips. Childs came in and started hitting out merrily. At one time it looked as if Childs would not have time to make many runs as the next four batsmen were out in quick succession. But Doyle, the last man in, held up his end. At lunch the score stood at 160 for 9. After lunch Doyle and Childs added another 19 runs before the latter was bowled when trying to hook a ball to leg. Gault, who was the best of the L.C.C. bowlers took 9 wickets for 57 runs.

L.C.C. then went in and put up no resistance at all and only 55 balls from Sheppard and Ramsey were needed to put them out. Their small total consisted of 12 runs, 5 of which were extras. Sheppard took 7 wickets for 6 runs and Ramsey three wickets for one.

L.C.C. followed on and this time collected 49 runs. Sheppard and Ramsey were only put on to bowl at the close of the innings. In this inngs everyone except the wicket-keeper bowled. Landry, who was the best of our bowlers took 4 wickets for 3 runs.

The whole team fielded excellently. Wregg, Sheppard and Childs were outstanding.

## THE UNDER SIXTEEN CRICKET XI vs. MR. GRIER'S XI

On Saturday, May 14th, the Under Sixteen XVI drew with Mr. Grier's team on the School ground. The latter went in first and the batting was weak and it was not until Mr. Grier and Mr. Glass were in that any attempt to make a stand was made. They both looked as if they were ready to make a lot of runs. After they had added quite a lot of runs Mr. Grier was bowled by Lorimer and Wedderburn-Maxwell joined Mr. Glass. The latter was run out a few balls later and after that the rest of the side completely collapsed. The Under Sixteen then went in and started off very well. Horniman was caught by Howard just before stumps were drawn. McLimont made a useful 24 not out and Horniman 27. Holley I took the only wicket.

### UNDER SIXTEEN XI vs. WESTMOUNT JUNIORS

The B.C.S. Under Sixteen XI cricket team went to Montreal on May 30th, and played the Westmount Juniors on the afternoon of the following day.

The game started at 1.40 p.m. and ended at 6.00.

The Westmount Juniors batted first and knocked up 45 runs. Lorimer and McCurdy were good bowlers while McMaster did his part at catching. Day, the captain, did well in both bowling and catching.

After most of the B.C.S. team had been put out, tea was served to the players.

Then the Westmount Juniors batted again and their men were more determined and this time knocked up 57 runs.

Price and Day made some wonderful catches during that innings.

B.C.S. won by an innings as the final score, although B.C.S. only batted once, was 107 to 102.

## JEUNESSE

Thank God for life, for youth, for health, for spring,  
For love and friendship, and the peace they bring;  
For beauty, both in humans and the earth,  
For all these pleasures granted without dearth !  
O life, my life, how I have cherished thee !  
The many pleasures thou affordest me,  
As well the bitter moments thou hast brought,  
Have not been wasted, are not spent for naught.  
For, knowing spring in youth and happiness,  
I have known beauty, and in her caress  
There lies the key to life. If there should be  
A youth whose heart's not filled with laughter free,  
A man whose soul does not regain its youth  
In springtime—then they have not lived, in truth !  
Then let us to the full our springtime live,  
Our hearts to all the joys of beauty give:  
For age from youth must its enjoyment borrow,  
Youth lives to-day what age must dream to-morrow.

KENNETH KNATCHBULL-HUGESSEN.

Life in the Prep continues to be filled with activity. It has been many years since so many boys have been in attendance. After Christmas our numbers were further swelled by the arrival of five more new boys: P. Fisher (New Brunswick), D. Monroe (Newfoundland), P. R. K. Taylor (England), R. White (England), and P. Winkworth (England). We are now making full use of every available inch of space in our building.

#### HOCKEY

We did not have as good a team as usual this year because so many old boys had been moved to the Upper to make way for the boys from overseas. Three quarters of these new arrivals had never skated before. However, they seemed to get a great deal of fun out of learning to play this fast Canadian game.

We entered the regional Q.A.H.A. Bantam League, but succeeded in getting only four points, the result of one win and two ties. The Upper School Bantams beat us 11-2, after we had sprung a surprise by holding them to a 2-2 draw in our first league game with them. Mitchell School and St. Patrick's Academy B of Sherbrooke each beat us twice, as did the Lennoxville High School. We succeeded, however, in defeating the St. Pat's A team on one occasion by 4-2, and in tying them on another.

Our annual match with Selwyn House of Montreal was close and exciting. We finally lost the game by the score of 3-2. The outstanding player on the Prep team was Day II, with Pitfield II a close second.

R. H. M. K.

### PREP PARLIAMENT

One way which was discovered of passing the time on free evenings in the winter term was by holding sessions of a Prep Parliament. Many great and grave matters which perplex the nation at the present time were discussed. Each boy represented some district in this Dominion, and no matter how annoyed he might be with the debaters on the other side of the house, he had to refer to them as "honourable members". What the speakers lacked in knowledge, they made up in enthusiasm and vigour.

The governments were short-lived. That led by the Hon. Evan Evans abolished every unnecessary expense it could think of in order to win the war. But it fell when the House carried a motion put forward by a radical oppositionist, Sir John Boyd, stating that "the government could do much better". The result of the vote on this motion had been in doubt until a brilliant speech by Lindsay-Hogg carried the day for the Boyd group.

The Boyd Government, in turn, went down to defeat over the question of the St. Lawrence Seaways. The Prime Minister made a noble effort to satisfy both Montreal and the West on this issue, but he was out-manoeuvred by the Opposition, led by the Hon. J. H. Bouet-Willaumez, who proposed that settlement of the issue should be postponed until after the war. The Bouet-Willaumez administration was still in office when the House was dissolved in view of the approach of Easter.

PREP DRILL

### PREP PLAYS AND BLACK MAGIC

Every now and then, on a Saturday night, there is a theatrical atmosphere about the Prep. Weird figures in strange costumes, and with their faces covered with make-up, are to be seen haunting the halls. It all means that, under the direction of Mr. Holden, Prep plays are about to be staged.

This term's performance was given in the gymnasium on May 10th. Rider, Wray, and White amused everyone by imitating Mussolini, Hitler, and Stalin respectively. Taylor III and Empey sent the audience into peals of laughter with their funny jokes.

Bailey did some tricks, and a play was put on by Remove. It was one of Calder's famous ghost stories. While everyone shivered, Day acted the part of murderess, Calder was the victim, Charlesworth I was an inquisitive boy, and Fisher III, a farmer.

The main event of the evening was a display of magic by Black, assisted by Bennett and Boyd. He cut paper and joined it together again, made glasses disappear, and caused spoons to jump of their own accord.

S. D. S. B.

### CONFIRMATION

The rite of confirmation was administered to four Prep boys on May 23rd by the Rt. Rev. Philip Carrington, Bishop of Quebec, in St. Mark's Chapel at Bishop's College. The Bishop's Chaplain was Professor the Rev. Elton Scott.

The boys confirmed in the presence of a large number of friends and relatives were: J. A. Boyd, A. S. H. Black, E. H. L. Evans, and J. H. Bouet-Willaumetz. They were prepared and presented for confirmation by the School chaplain, Professor, the Rev. Sidney Childs.

E. H. L. E.

### JONNY THE ORGANIST

When Mr. Page had to go to Montreal on May 11th, he chose Robinson of the Prep. to replace him as organist for the School's Sunday morning chapel service which was Choral Communion. Jonny was delighted, practised furiously, and went through the service without a hitch.

M. E. C.

## THE SKI TEAM AT THE PREP HUT

SKI TEAM - 1941

*Left to right*—J. ROBINSON, D. M. STEARNS, J. BOUET-WILLAUMEZ, A. S. FRASER, J. N. WILLIAMS, H. T. HOLDEN, ESQ., J. A. BOYD, W. E. SATTERTHWAITE, R. H. M. KINDERSLEY, A. D. BUTLER, P. R. K. TAYLOR

## SKIING

The ski season began in earnest immediately after Christmas, and lasted almost until Easter.

One of the big events of the year occurred on March 7th. When that morning came it was immediately seen by everyone that the weather was exceptionally fine, and it was announced that there was going to be a whole holiday.

Three ski parties were organized, and each boy was given a lunch. The groups, led by Mr. Holden and Mr. Rothney, reached Huntingville by different routes, while Mr. McGowan's party explored the hills in the direction of Belvidere. It was a tired but healthy lot of boys that climbed into the Prep beds that night.

On March 14th, we went to North Hatley. There had been a heavy snowfall, and there was a very strong sun. The first race was the downhill, and was won by Satterthwaite II. After a gay lunch at the inn, we went back to the hill for the slalom. The

winner of this event was Bouet-Willaumez, who had the best average, although the fastest single run was made by Taylor III. At last we had to go back, and arrived at the Prep with sun and wind burned faces.

The cross-country was run on March 15th near the Prep, and was won by Bouet-Willaumez.

When the results of all the skiing events were averaged, it was found that Bouet-Willaumez was the winner of the Whittall Trophy, with Satterthwaite II the runner-up.

The new ski trail, from the front of our own building down to the river, was much used during the winter. It had been cut by some hardy Prep woodsmen last fall between the soccer and the coming of the snow.

A. S. H. B.

#### LIBRARY

Satterthwaite, assisted by MacIver, had a very busy year as librarian. The demand for books has been heavy at all times, with the result that the librarians' record books are swelled with names of those who have borrowed volumes during the year. In addition, a card index listing every book in the library has been made, and the volumes have been carefully classified on the shelves.

New books purchased by the School since Christmas include: "White Fang" (Jack London); "Call of the Wild" (Jack London); "The Faith of Men" (Jack London); "Brown Wolf" (Jack London); "The Sketch Book" (Washington Irving); "Literature and Life" (ed. Miles and Keck); "River Man" (Wm. Heyliger); "The Ransom of Red Chief" (O. Henry); "The Merry Adventures of Robin Hood" (Howard Pyle); "Ivanhoe" (Scott); "The Goden Knight" (Geo. Challis).

The following books have been presented to the library: from Bennett, "Jerry of the Islands" (Jack London); from Ford, "The Wind in the Willows" (K. Grahame), "The Great Airship" (F. S. Brereton); "Wing for Wing" (T. Burtis), "A Book of Sea Stories" (J. G. Fyfe); from Butler, "Twenty Thousand Leagues under the Sea" (Jules Verne); from Bailey, "The Pioneers" (J. F. Cooper); from Van Millingen, "The Long Arm" (N. M. Plummer).

#### THE PREP PRESS

Five issues of the Prep. Press have been published this year, with the following boys acting in turn as chairmen of the editorial board: Estin II, McBoyle, MacIver, Boyd, and Day II. The Easter issue, featured by a brightly coloured cover designed by Bouet-Willaumez, Boyd, Black and Williams, was part of the Prep effort to raise money which would "help stamp out Nazism". This edition was sent to the Minister of Finance, Hon. J. L. Ilsley, who was kind enough to reply, "I am most interested in the cover design and the material which the magazine contains, and think you are to be congratulated on the good work these boys are doing". Other full page drawings by Bouet-Willaumez this session have shown a scene on the Prep soccer field; a horse breathing heavily in frosty weather in front of the Prep with the Gymnasium in the background; and a modernistic cricket pitch. Boyd drew a ski crease for another issue, and Butler a view of the big pine in the new ski trail.

Pitfield II has contributed some thrilling aeroplane stories, while Boyd has made sure that we do not forget the navy. Calder has been a leading contributor, writing both serious and comic poetry, and also publishing one of his ghost-stories. Sheard's whimsical

little poems are always popular, as are the efforts of such writers as Black, Bailey, Bennett, Taylor III, and Day II. Nearly every boy in the School has had at least one contribution published during the year.

#### CRICKET TEAM - 1941

*Back row*—W. A. PAGE, ESQ., W. E. SATTERTHWAITE, R. H. M. KINDERSLEY, B. G. DAY, A. D. BUTLER, H. T. HOLDEN, ESQ.

*Front row*—S. D. S. BAILEY, R. J. FORD, V. R. BENNETT, J. G. BEITH (Captain), P. S. WINKWORTH, A. S. A. BLACK, P. S. MONTEFIORE

#### CRICKET

The first cricket match of the season did not turn out well for the Prep. We were defeated by last year's team (now in the Upper), by a score of 49-7. We did better, however, in our second match with the same opponents, losing on this occasion by a score of only 50-40.

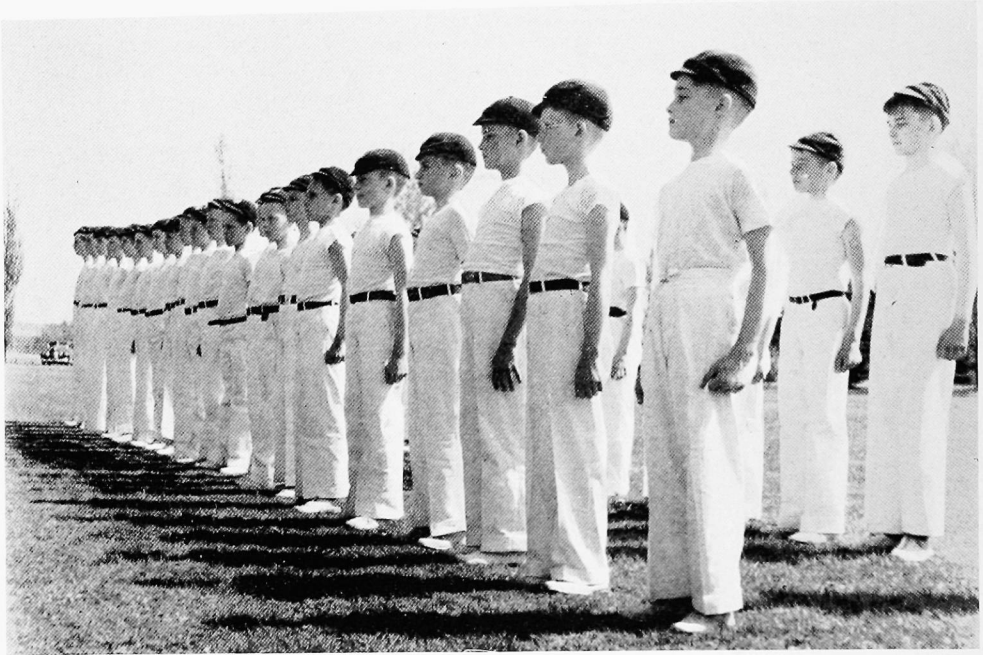

There is great enthusiasm in the Prep for cricket this year, especially among the boys from overseas.

As this is being written, the team is preparing the cricket bag for a visit to Montreal to meet Selwyn House School. The team chosen to represent us is as follows: Beith (captain), Bailey, Black, Ford, Kindersley, Winkworth, Bennett, Butler, Montefiore, Day II, Satterthwaite II, and Beatson (scorer).  
S. D. S. B.

#### SUPPER IN THE WOODS

Nearly every Sunday evening this term, most of the boys have taken their suppers out to the Prep. woods, and carefully hidden them until it was time to eat. After games, raids, etc., we cook our meals over fires, and then bring back our baskets to the Prep.

J. B.

THE PREP ON PARADE

### "PATIENCE"

The Prep played an important part in the staging of Gilbert and Sullivan's "Patience" on April 25th and 26th.

Mr. Page, as Musical Director, had to work very hard, and with Mr. Grier, was largely responsible for the great success of the production.

Jonathan Robinson, Jr., received great applause for his performance as Bunthorne's solicitor. He was so terrified by the jealous dragoons that several times he almost broke his big umbrella.

Clive Charlesworth, as Lady Ella, had a leading musical role, while the following formed part of the chorus of love-sick maidens: Beatson, Beith, Bennett, Black, Bouet-Willamez, Boyd, Butler, Charlesworth I, Empey, Evans II, Fisher III, Ford, Kindersley, White, and Wray.

Those Prep boys who were not in the cast, occupied the gallery during the Saturday evening performance.

### STAMPS

The principal hobby throughout the entire school year has been stamp collecting. Noteworthy collections have been made by Bailey, Robinson, Pitfield, Satterthwaite, Wray, Thomson, and Sheard. The heart of stamp collecting activity was in Form II-A, but the craze spread into every form in the Prep and the great majority of the boys each possess a stamp collection of some sort. Robinson, Thomson, Bailey, and Satterthwaite II have helped to increase interest by conducting a stamp corner in the Prep Press.

PREP EXERCISES

## INSPECTION DAY

The Preparatory School parades on Inspection Day, May 21st, under the command of Pitfield II. They were inspected by Lieut.-Col. Chicoine. Later, on the same afternoon, the Prep put on a demonstration of physical exercises and improvised games, for the entertainment of the spectators.

## MOVIES

Through the kindness of the Film Library of the Department of Education at Quebec, a number of picture shows have been held in the Prep since Christmas. Both sound and silent films have been shown. The longest single picture to be displayed was the Canadian Government production, "On Guard for Thee".

## CAMERA CLUB

Enthusiastic Prep photographers have made good use of the dark room throughout the year. Interest in photography received a stimulus after Christmas when Bouet-Willaumez arrived with an enlarger.

## EASTER EXAMINATIONS

Examinations were held during the week before the Easter vacation. A. S. H. Black not only led Remove, but obtained the highest percentage mark in the entire school, 86.9. Thomson led Form 2 with 86.8, Bailey was top of Form 2A with 81.4 and Pattison with 72.5 headed Form 1.

Altogether, this has been a very active and happy year in the Prep, and, with the exception of those boys who will be promoted to the Upper School, we nearly all plan to be back again next fall—unless Hitler caves in sooner than we now expect.

PREP AT NORTH HATLEY

### VICTORIA DAY

In spite of the fact that the morning of this eventful day was not as fine as one would have wished, we all woke up in the morning in the highest spirits. Instead of the usual Saturday half-holiday, we were to have an unusual full holiday. After breakfast an assembly was called, at which arrangements for the day were made.

Those boys, who were not lucky enough to have parents or friends coming for them, set off on a bicycle trip to the Magog River at Rock Forest. There they ate the lunches which had been brought from the Prep., had the first swim of the year, threw stones across the water, and set off firecrackers.

Back at the Prep in the evening, there were more fireworks. Slowly, nearly deafened by the firecrackers, the boys trooped into the Prep. after a most exciting day.

A. S. H. B. and P. F.

### MESSERSCHMITT 109

On May 18th, the Prep. went to Sherbrooke to see a captured Nazi Messerschmitt. We touched the wings, the tail, the propeller, and left feeling that we knew all about how it worked.

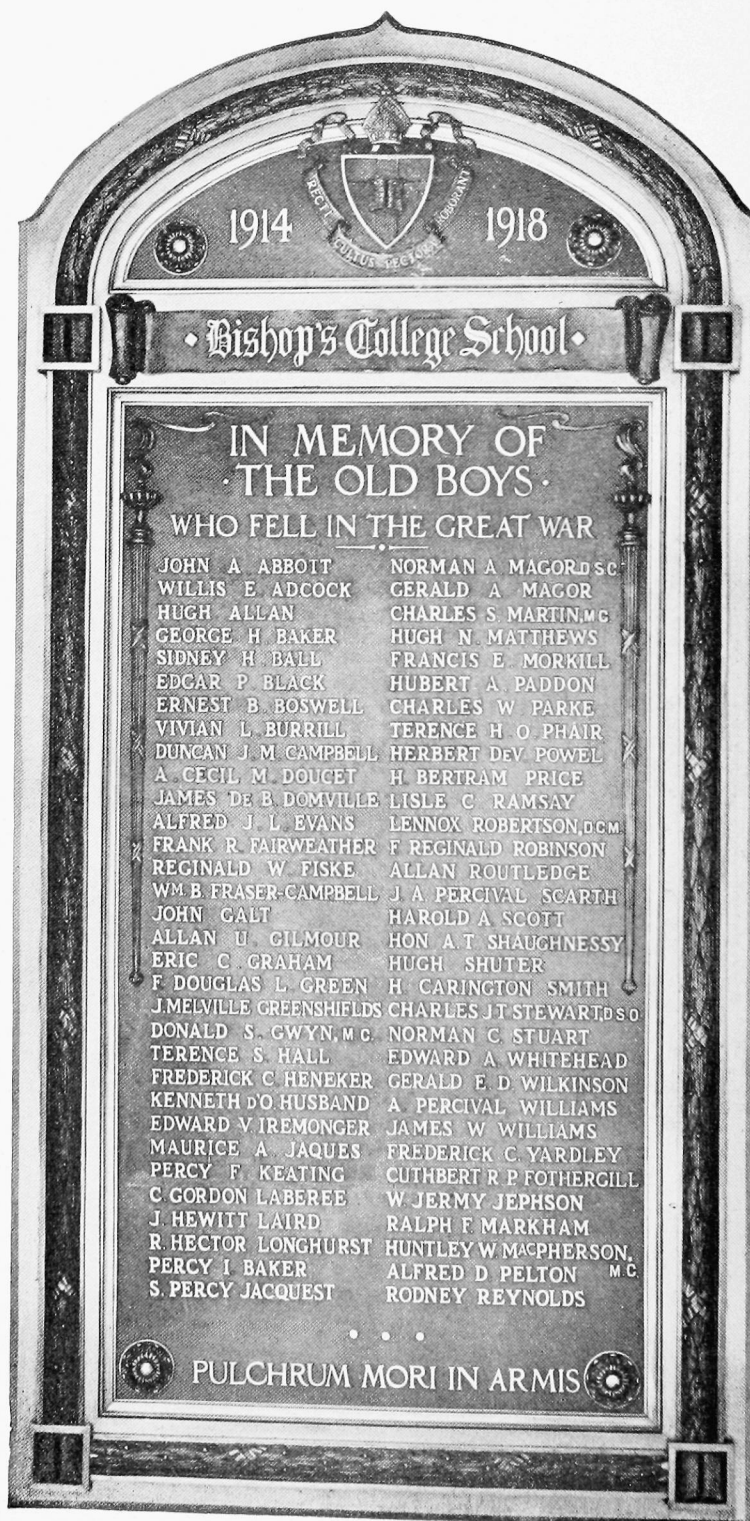

## ON MAN'S WILL

Our will that is our faith and in us all  
Is never measured full; the skies may fall,  
The oceans be raised up and mountains veer  
Should we command but still in awe and fear  
We dare not venture estimate: we grieve  
If none applaud and yet we disbelieve  
Should all acclaim. To govern vanity  
(And who is there that may ignore her plea?)  
Yet not be self-effacing is the goal  
Of all achievement and the very soul  
Of conquest. Down the highways of the past  
—Where king and peasant nonchalantly cast  
Their records on the Scroll; or hoarded time  
In selfish, vain endeavour, their sublime  
Conceit scheming to cheat their destiny;  
Or never letting conscience wander free,  
They used the value true of every hour,  
Used every second's, every minute's power  
Their mission to fulfil—we see arrayed  
The wills of men in conflict. Few dismayed  
Tho' rocky kept the path, tho' round them fought  
One truth for many lies, see what they wrought!  
Tho' still there's much of chaos we can see,  
Illumined by a gradual victory,  
The goal and where lies end, where truth began,  
Behold the glory of Undaunted Man.

DAVID SHELLEY NICHOLL

JOHN D. MOLSON, 74, DIES AFTER ILLNESS

---

Retired Banker, Great-Grandson of Hon. John  
Molson

---

BORN IN LENNOXVILLE

---

Joined Molson's Bank in 1883, Later Serving Bank  
of Montreal — Helped Khaki Club in Last War

---

John Dinham Molson, great-grandson of the late Hon. John Molson, founder of the well-known Montreal family, died yesterday at the Ross Memorial Pavilion of the Royal Victoria Hospital, following a lengthy illness.

Son of the late Capt. J. Dinham Molson of Her Majesty's 99th Foot (Wiltshire) Regiment, and Catherine Eliza Day, he was born on February 14, 1867, at Lennoxville, and obtained his education at Chatham House, Ramsgate, England, and at Bishop's College School, Lennoxville.

"Gazette," June 3rd—

WENT DOWN WITH HMS "BONAVENTURE"

Sub-Lt. Theodore Estabrooks Rising. B.C.S. 1930-1932

"Saturday Night," Feb. 1st, 1941.

THE LATE JOHN TREVOR FOOTE

As we go to press news has reached us of the sudden death of John Trevor Foote, one of the oldest and most valued members of our circulation organization. Son of the late John J. Foote, one-time owner of the Quebec *Chronicle*, Mr. Foote was an Old Boy of Bishop's College School, Lennoxville (1891-'94), and had a very wide acquaintance among the prominent people both French and English of his native province, and also those of Winnipeg and Toronto, where he spent part of his life as assistant manager of the Fort Garry and King Edward Hotels. For the past fifteen years his headquarters have been the Montreal office of SATURDAY NIGHT, and his views on the state of opinion and of politics in Quebec were always highly valued by the editorial department.

B. K. SANDWELL.

## B.C.S. Old Boys on Active Service

### PLEASE!

In the "Pages of Honour" at the head of this issue we publish a list of those Old Boys whose service with the active forces has been definitely established. Herewith we submit a list of others about whom we have no definite information. We urge those who see this magazine to supply us with corrections, and with the names of any Old Boys who have been omitted from either list.

2/Lt. J. F. Baillie, Black Watch O.T.C.  
 2/Lt. T. M. Barott, Black Watch O.T.C.  
 M. G. Bell, R.C.A.F.

*The Standard, Montreal, Saturday, March 15, 1941—*

#### MAN OF THE WEEK

##### ON JOINT DEFENCE BOARD

Well known to men in all parts of the world who could not even tell you his name is Brigadier Kenneth Stuart, Deputy Chief of Canada's General Staff and also Military Expert of the Canadian section of the Joint Defence Board. Soldier, writer, editor, educational enthusiast, he is the perfect answer to the wish expressed in the Book of Job (XXXI-35) "My desire is—that mine adversary had written a book." His writings total the length of a dozen books and comprise perhaps the most complete expression of an active army's officer's opinions on military and world affairs that Canada has ever produced.

"Canadian Defence Quarterly" appears every three months as published by "A Committee of Officers at Ottawa," but the man who edited this stimulating and frank periodical from 1929 till the outbreak of the present conflict was Kenneth Stuart, and when he moved out of Ottawa to Royal Military College, Kingston, he took the Quarterly with him. Thousands of editorials have come from his pen. Book after book he reviewed, throwing its contents at the heads of his readers, to rouse them to think about subjects that cried for attention, from Pershing's memoirs to General Fuller's expositions so many years back of the German Blitzkrieg. For those who followed Stuart's writings, "blitz" should have been no surprise when it came.

Brigadier Stuart was born in this Quebec city in 1891, attended its public School, went on to Bishop's College School, Lennoxville, and then to R.M.C. at Kingston. Immediately he graduated in 1911 he was in England for two years in the School of Military Engineering and spent another with a British engineer unit at Aldershot.

Coast defence lights round Halifax were the first engineering job Stuart tackled when he got back, and this assignment held him on the east coast through the first year of World War One. He had the unusual experience for the remainder of the war of being continually a commanding officer. He was C.O. First Army Troops Company, Canadian Engineers, which unit he recruited, trained and brought to France. Early 1917

found him a Major and C.O. of a Field Company of Engineers. In 1918 he commanded an Engineer Battalion. He spent three solid years in France, got into every show the Canadians saw during that time, as well as a few extra ones with the "Aussies," with whom he served for a time under Sir William Glasgow, now Australian High Commissioner to Canada.

#### AWARDS FOR GALLANTRY

Stuart was awarded the Distinguished Service Order, the Military Cross and two mentions in Despatches. The Armistice came upon him at Mons. His only brother, Cuthbert, was killed in '16 on the Somme.

After the war, Stuart spent five years, from '20 to '25 as District Engineer Officer in Quebec City, with barracks back of the old Garrison Club, and officers quarters in a quiet old house near the Citadel where he assiduously prepared himself, with success, for examinations for Staff College. Stuart went to Camberley in 1926, and returned two years later to serve under Gen. McNaughton in Victoria.

When General McNaughton was made Chief of Staff in Ottawa, Stuart came to Headquarters as Assistant Director of Military Intelligence. His four years under General McNaughton he looks upon as his most valuable period of education. That General, he finds, sees about one year ahead of anybody else, and is the quickest officer on the uptake to whom he has ever submitted a report. You soon learn to concentrate and be sure of your points, because if there is a weak one, "Andy is sure to nail it."

#### PATTERN OF TRAINING

Stuart's hand in assisting to mould Canada's young men began in 1933 when he was appointed to the staff at R.M.C. Throughout this period Stuart stressed and taught the broadest interpretation of discipline. He insisted that military training and discipline were in reality synonymous terms. The end of each was "to be in a trained condition." Each was concerned with the development of the spirit, the mind and the body. The spirit to provide that inspiration and incentive "which alone will enable man to accomplish the impossible"; the mind to insure that the spiritual forces so engendered will be intelligently used to any desired end, and the body to provide the vehicle to meet the big demands of spirit and mind.

Such, according to Brigadier Stuart, is the pattern of modern military training and discipline to-day, the foundation of which rests on the development of the moral attributes of loyalty, confidence, honesty, sense of duty, moral courage and determination. In the mental field, every effort is made to develop and foster knowledge, initiative, judgment, mental alertness and readiness to accept responsibility. On the physical side every effort is made to attain a balanced development of a healthy body.

#### CONFIDENCE; LEADERSHIP

This broad conception of discipline, Brigadier Stuart says, is not understood outside the Services. Its purpose is to make effective leadership possible. It finds its application in all branches of human endeavour both within and without the Services. It rests securely on a foundation of moral values. It does not restrict freedom, but rather gives direction to it. It induces cheerful and unhesitating obedience, not through fear of punishment but because of loyalty to and confidence in leaders. There is nothing servile in obedience of this sort. It is an expression of service and not of servitude.

Stuart came to Ottawa in 1938 as Director of Military Operations and Intelligence, and in 1939 went back to R.M.C. as Commandant, in which post he was a brilliant success. War, however, interrupted this and directly General Crerar became Chief of Staff in Ottawa, Brigadier Stuart was called back as his Deputy.

It would do the country good, at this time, to hear more directly from this inspiring officer on the educational ideas underlying the compulsory training scheme.

---

### FO. JOHN F. ACER OF MONTREAL IS HERO OF LAKE ONTARIO RESCUE

---

Word of a Montreal officer in the R.C.A.F. risking his life to save an ice-marooned man from Lake Ontario last Saturday reached Montreal yesterday through Mrs. J. H. A. Acer, of 1585 Pine Avenue West, the officer's mother.

The hero of the rescue is Flying Officer John F. Acer, well-known Montrealer now an instructor in navigation at the Brantford, Ont., air school.

Details obtained in Montreal revealed that FO Acer was driving some friends home from a reception on Saturday night when he stopped the auto near the Canadian National Exhibition grounds to check the vehicle's lights.

As the car came to a stop, one of the officer's friends noticed a man's hat and coat near a tree. Fresh footprints led from the tree to the Lake Ontario's breakwater, so FO Acer decided to follow these tracks while he sent one of his companions to notify police.

As he approached the breakwater, the flier heard someone shout: "Ahoy ! I'm stuck out here !" But he was unable to see anything. Just then a policeman arrived with rescue equipment and a flashlight which pierced the darkness and revealed a man stumbling over blocks of frozen ice about 50 feet outside the breakwater.

As a second policeman arrived on the scene, FO Acer secured a lifeline around his waist and succeeded in rescuing the man after struggling across the floating blocks of ice and subduing the near-victim's hysteria.

In the course of the rescue one of the policemen fell through the ice but he was pulled out by his confrere.

Although drenched in the rescue effort, FO Acer insisted on continuing with his friends to their destination.

FO Acer, who is married, attended Bishop's College School and Royal Military College.

---

### P. DOUGLAS AIDS SURVEY

---

Ex-Montrealer Studies Axis Propaganda in  
America

Percy L. Douglas, son of Mr. and Mrs. H. P. Douglas, 1455 Drummond Street, who has lived in New York in recent years, headed an important mission which has just completed a four-month survey of American business conditions in the Latin-American countries.

The study was undertaken as a defence measure and was sponsored by Nelson A. Rockefeller, co-ordinator of commercial and cultural relations between the American

republics as well as by the State Department and other interested Government agencies. The result of the survey included the finding that United States business in Central and South America is being undermined by Axis supporters who are spreading anti-American propaganda in newspapers and over the radio, while some employees of these firms have been found to be actually officials of anti-American powers.

Percy L. Douglas, who was given leave of absence by the Otis Elevator Company to undertake the mission, entered the employ of the company in 1924, on his graduation from McGill University in engineering. Prior to going to McGill, he attended Bishop's College School, Lennoxville.

---

*From a letter from GEORGE CROSS ('28-'37)*

At this moment I am laid up in bed. To cut a long story short I have just been blown up by one of Gerald's nasty little mines. The ship, of which I was First Lieutenant, was not a very large one—about 110 feet.

Well—we were going along nice and peacefully with half a gale blowing, and standing on our tail when all of a sudden ?x!—!! and then I hit the water. The water was cold—North Sea—and unfortunately (and as you will no doubt say, typically) I did not have my life belt on. This is what I did have on: 1 underwear; 2 a turtleneck sweater; 3 a B.C.S. hockey sweater; 4 a B.C.S. football sweater; 5 an army sweater, 6 a Grenfell ski jacket, complete with badges; 7 a large thick duffle coat; 8 complete uniform; 9 a pair of rubber boots; 10 two thick pairs of sea-boot stockings. And a hat. And no life-belt! As you may well imagine I said to myself, "George, this is the end of you!", but I was mistaken. As soon as my head came out of water (and it took quite a long time doing it), the first thing I saw was a life-belt about twenty yards away. I got to it and hung on. My next thought is fairly obvious:—"How long can I last like this?" Meanwhile another ship the same size was coming up behind. She went over to the ship I had just left and took off one or two people who were still aboard. By that time it had grown dark and nobody seemed to have had much use for the other half of the gale. I was, of course, trying to make myself heard—you know—"Help! Help!" and all that sort of thing. They heard me and managed to pick me out with the searchlight. Then they had a . . . . of a job coming close enough to pick me out without beaming me with the bow. They managed it finally and I was dragged on deck—a soggy mass of purple and white sweaters. Then I started to shiver. I shivered so much that somebody had to hold my jaw. They gave me something to drink, and then I was sick, and then I shivered some more, and I kept thinking about stupid things like "There's nothing like an open fire", etc. I was soon in port and put to bed, where I am now. I learned afterwards from an eye-witness that I had gone up in the air about 40 feet, and when I hit the water I was 50 yards away from the ship. My only injuries are a sprained ankle and knee. Soon I should be getting a spot of survivor's leave, which will be very pleasant.

P.S.—I have spent a few nights in London since they started bombing and the impression I got was "you should see the amount of things they haven't hit". The barrage, as you have probably heard, makes a lot of noise.

Also you might tell Dick and Bono and gang that a note from them would be most welcome.

#### CAPT. R. G. KINGSTONE

One of the dozen Montreal officers who passed the Junior War Course examinations held in Britain last week, first all-Canadian course held in the Old Country since the start of this war, was Captain Kingstone. Educated at Selwyn House School and Bishop's College School, he joined the 1st Medium Battery of the 2nd Montreal Regiment, but went overseas with the 35th Battery, and has since served on the headquarters staff of the 2nd Field Regiment, R.C.A.

---

Patton, H. R. ....	Flight Lieutenant R.C.A.F.
Patton, J. H. ....	Lieutenant R.V.R., C.A.S.F.
Patton, W. S. ....	United States Army.

Sgt.-Pilot SETON, H. W.—Hugh received his wings on the 29th of March at Dunville, Ont. He was made an instructor and is posted at Trenton, Ontario.

Sgt.-Pilot H. R. FINLEY, R.C.A.F., received his wings May 27th.

---

*Gazette, March 28th—*

P/O EDMUND T. ASSELIN, who has joined the ranks of young Montrealers assigned to active duty with the Royal Canadian Air Force. Son of Councillor J. O. Asselin, chairman of the city's Executive Committee, and Mrs. Asselin, he was recently awarded his wings.

Born in Bromptonville, Que., 20-year-old P/O Asselin was educated at Bishop's College School, Lennoxville.

---

#### GIVEN RECOGNITION BY NATIONAL RESEARCH COUNCIL

E. R. Boothroyd has just been awarded a \$650 studentship at the National Research Council, it was announced at Ottawa.

## Engagements

Mr. and Mrs. James S. MacFarlane, of Montreal West, announce the engagement of their elder daughter, Ruth, to Mr. Austin H. Luther, son of the late W. E. J. Luthet and of Mrs. Luther, of Notre Dame de Grace, the wedding to take place on June 28th in Montreal West United Church.

## Births

AYLAN-PARKER. At Whitehill, England, on March 28th, 1941, to Jean, wife of Captain John Aylan-Parker, R.C.R., a son.

BOSWELL. At Jeffrey Hales Hospital, Que., March 29th, 1941, to Phyllis, wife of Captain H. F. G. Boswell, R.E., a son.

MACDOUGALL. At the Royal Victoria Maternity Hospital, on May 26th, 1941 to Neni, wife of Lieut. Peter MacDougall, Quebec Royal Rifles, overseas, a daughter.

HALE. At the Royal Victoria Hospital, March 31st, 1941, to Mr. and Mrs. A. Forbes Hale (nee Jane Spier), a daughter.

SHARP. To Bernice, wife of G. Arnold Sharp, at the Royal Victoria Hospital, on January 24th, 1941, a son.

## Weddings

GORDON M. LUTHER to Miss Isabelle Ellen Blane, on May 3rd.  
"Gordie" is a Lieutenant, R.C.N.V.R.

P. T. V. COLDITZ was married to Miss Joan Montague Howe in Christ Church Cathedral on April 2nd.

Paul is a Lieutenant in the Black Watch.

C. WILSON LACAILLE was married to Miss Audrey Gray on May 8th, at St. Dominic's Church, Oyster Bay.

D. M. SKELTON was married to Miss Joan Mary Hoermer in St. Phillip's Church, on Jan. 25th.

Dave is a Lieutenant in the 1st Surrey Regiment, R.C.A., A.C.A.

A. G. EGERTON was married to Miss Ursula Elenore Palmer in Chester, England, in February. Graham is a Flying Officer in the R.A.F.

JOHN L'ABBE was married to Miss Madge Blanchard at the Church of St. James the Apostle in March.

JOHN M. BOOTHROYD was married to Miss Margaret T. W. King, in Riverside Church, New York, on May 30th.

PETER M. McENTYRE was married to Miss K. Margaret Greelman on March 15th in the Church of St. Andrew and St. Paul.

JAMES P. COWANS was married on March 15th to Miss Melba R. Lee in the Church of St. Andrew and St. Paul.

## McGill Notes

HARRISON BENNETT, B.A. 3. "Cooky" as usual, spent a very enjoyable year at McGill. He hopes to attend military courses throughout the summer. Then back to College in the fall if his unit is not mobilized.

H. M. BURGESS, B.A. 3. "Timmy" is still bouncing round as ever. As usual R.V.C. saw a great deal of him. He is a member of the Pots class of the Black Watch and trained with the McGill C.O.T.C.

DONALD DURNFORD, COM. 2. Not much seen of Don during the year. Hopes to land a money-job for the summer months.

PAUL BYERS, B.Sc. 1. Paul seems to have broadened his activities these past years to include the social one. Noticed in Scott's at 3 a.m., and was a regular attender of McGill dances.

JAMES KENNY, COM. 1. "Lanky James", besides obtaining a lofty post in the M.R.T.B. excelled in the boxing circles. Rumour has it that the R.A.F. is beckoning.

SYDNEY LYMAN, B.A. 4. We notice by the papers that Syd obtained his degree this year. Still as cheerful as ever. Visited the School recently.

LAWRENCE MACDOUGALL, LAW 2. Still in law, but finds time to look around the town's "spots" we hear.

ERIC PHELPS, B.Sc. 3. Eric worked hard this year but didn't spend all his time in his boarding house . . . ?

PAT STOKER, ARCH. 2. Last seen wandering aimlessly round the McGill grounds. Exam pressure, no doubt.

HECTOR TROTTER, B.Sc. 2. Hector recently was accepted into the Navy. Com- plains of the hard drill. Last seen wending his weary way up University Street.

GEORGE WINTERS, ENG. 1. An employee of the Bell Telephone this summer, George was recently observed popping in and out of manholes on St. James St. Has again in- vested in a car, this time only one brake instead of no bumpers.

GEORGE STAIRS I. "Slap Happy" (worse than ever) tootles round in his Austin. Recently stranded miles from home on account of missing parts for his car. Just called by the Air Force.

DENIS STAIRS II. We expect that he did very well at College. Working in Hali- fax on an interesting war job during the summer.

W. MCK. PALMER. "Woggie" is also working in Halifax with Stairs. Thinks College is wonderful.

H. THORNHILL. Herbie recently journeyed down to school to play cricket. Has since disappeared. The strain was too great, no doubt.

RONALD BAYNE. Ronnie must enjoy College life or at least the Co-ed side of it. Trust he did well in his exams.

DONALD J. DODDS, ENG. 1. "Dodo" worked very hard this year at College. Turned out three times for hockey but managed to appear in the team photograph. Just back from McDonald College surveying and then a spot of mining up at Trail, B.C.

TED HUGESSEN, B.A. 1. Evidently Ted made quite a noise at McGill since his name appeared on huge placards about the campus as a star debater.

DERECK GIBSON, B.A. 1. A person with pipe in mouth strongly looking like Dereck was often seen on the Arts Building steps. Enjoyed McGill immensely, but has since retired to Quebec City.

DUNCAN DUCLOS, COM. 1. A more popular man could not be found at McGill than "Duke". He worked very hard and passed easily. Now in the Air Force somewhere in the Maritimes.

FRED. R. WHITTALL, COM. 1. Fred spent a useful year at McGill combining work with play. He will spend his summer scrubbing decks on a river pleasure steamer.

HENRY C. MORGAN, COM. 1. This dashing cavalier sped round the campus all year, seemed to be everywhere at the same time. Working in his father's store again this summer, latest job . . . sorting ladies' haberdashery.

DUGGAN GRAY, COM. 1. Duggan spent an auspicious year at College. Recently tried to join the Air Force but evidently his legs were a trifle long. Rumour has it that he will try his hand at bell-hopping in Murray Bay.

JOHN PENNY, COM. 1. John was last seen dashing round looking for a job. After many offers he settled for a junior in an Accountant's office. We wish him the best of luck.

HERB. COLDITZ, ENG. 4. Seen occasionally on the campus, but more often in the "Montrealer"! We wonder if the motor bicycle is still functioning.

ROBERT DUNCAN, MED. 4. We hear that Bob is working hard for that elusive degree. Spends most of his time in the sun out at Cartierville according to all accounts.

MALCOLM BYERS. We understand that "Frog" occasionally attends some art school and also notice that his name was amongst the passed in the McGill Commerce results. No new hat creation noted yet, but we expect the shock any moment now.

P. T. MOLSON. Left in the Navy on May 7th for some Eastern Canadian Port. Up to that time he was forging ahead at his usual fast and successful pace.

F. C. WINSER. "Fat Frankie" recently travelled West in the Navy. McGill gave him his degree. Still smiling and as popular as ever. Recently invested in a girdle in a vain effort to improve his figure. Enjoying himself in the West already.

#### AROUND THE TOWN

ALLAN ROBINSON. Still waiting in the Black Watch, but is now a qualified officer. Recently inaugurated a sort of taxi service between Montreal and Lennoxville; at least we gather that from the number of trips he has made to the School this spring.

GEORGE BUCH. George recently completed his Pots training with the McGill C.O.T.C. He expects to be posted as a regular officer of the Black Watch soon.

IAN MACLEAN. "Mac" was seen watching his old School parade at the Hussars armory a few weeks ago. Naturally he was not alone, blondes still seem to distract his attention for a few seconds.

TONY MAC TIER. Another unfortunate junior in an Accountant's office. Recently he excelled in a mathematics exam by placing second in the form. Judging by his collection of pencils, various firms had better start checking their inventories.

R. K. RAPLEY. When the Westmount Air Corps was founded, he was immediately given Sergeant's stripes. Was seen parading at the Forum the other night.

DAVID ATKINSON. Judging by his appearance the bank must suit him. Yet I imagine he would still like to become an actor. Seen at Cadet Show (making too much noise).

V. A. MURRAY. "Babs" is also a member of the Westmount Air Cadets. Last seen practising for the mile up at Molson stadium.

W. M. MOLSON. Bill, excuse me, Bill and a friend, are constantly seen round town these days. He is resigning his commission in the Black Watch this month and joining the Army as a private. From all reports he is setting the example to many others. In any case we all wish him the best of luck.

EDWARD BOOTHROYD. "Boots" is constantly seen in the Aldred Building. Therefore we assume that he is fast becoming a capable lawyer in some august law office.

ROGER BOOTHROYD. Two "Boots" seen recently down town. Must be Roger and Edward.

DICK COLLIER. Still working hard in the bank. Spends his time (or claims he does) checking fellow feminine workers' mistakes.

DONALD JOHNSTON. "Jintzer" has at last found his heart's desire, namely, a band of his own. Any Saturday afternoon will find him at Victoria Hall. He is also still training in the Black Watch.

DONALD BROWN. Home town boy makes good. Sensational rise from office boy to steel worker. Such are the rumours of our Don.

GARTH BECKETT. Working hard at Canada Car and Foundry but not too hard as he recently found time to become engaged. Congratulations, Garth.

JOHN REA. Still bouncing round the town in true Rea form.

ALFRED DOBELL. His tall figure is occasionally seen striding about the city. Still engrossed in Naval exams.

A. K. GLASSFORD. "Bunny" is a senior in a local Accountant's firm. New York still seems to attract him.

C. CRICHTON. "Chick" attended the School's production of "Patience" in the spring. His present doings in the U.S. are somewhat vague, but he is doing something.

C. D. SEWELL. "Pete" has had a wonderful year at R.M.C. A regular on the football team and the most outstanding hockey player in the College. For his all round good work he was just about to receive a promotion but for an untimely illness. We all hope that he will be up and around again soon.

E. SPAFFORD. Elliott was seen at a distance during the Easter holidays in Montreal. We hear that he is working very hard at R.M.C.

BILL ANGLIN. Bill worked in an air craft factory for many months. Recently the Government took a personal interest in him and he was sent off to camp for four months. Now, as we have long expected, he is in the Air Force.

THORNLEY STOKER. Thorn now has his wings and expects to go over soon. Out at School during May.

ROBERT COLLIER, SCIENCE 1. Bob has just completed his freshman year at McGill. Living in such luxurious quarters as Douglas Hall one could not help but like College, and according to all reports he took full advantage of his position and spent a prosperous year.

## THE MARITIMES

WISWELL, J. John is still in the Dalhousie Medical School, but from all reports he finds time to maintain his social functions and connections.

WISWELL, B. "Wiz" has become a very active member of the Dalhousie Engineering Faculty. During the year he found time to play hockey but his main efforts seem to be about the Glee Club. He recently made a motor trip to Montreal.

GASS, G. "Zeke" enrolled in the Dalhousie Medical School last fall. Not much has been heard of him except that he joined a Fraternity.

GASS, II. Not much news about "the mule". Rumour has it that he is attending Mount Allison.

HALE, W. Seen in Montreal during the year, but no one knows why !

BLACK, R. McD. I. Rory is still running his father's lumber business, according to all reports. Contemplating joining the Air Force.

BLACK, G. S. II. Herky spent many weary months at the Queen Mary Road Wireless School, R.C.A.F. He is now stationed at Jarvis, and then overseas (he expects). Noted in constant company with a certain young lady from Montreal. His voice was noted above the roar at the Sydney vs. Royals series.

HOWE, W. William is now an upstanding member of the Navy. He is overseas but that is all we know of him.

CHURCHILL-SMITH, J. "Church" is still plugging away in an accountant's office. Hopes to join the R.C.N.V.R. as soon as possible.

FLETCHER, JIM. Nary a word from U.N.B., but trust he is enjoying a good year.

---

*Montreal Daily Star, April 12th—*

## QUEEN'S CANADIAN FUND

NOTED MONTREAL WAR FLIER SUBSCRIBES \$10,000 TO HELP  
BRITISH RAID VICTIMS

---

A cheque for \$10,000 from Flt.-Lieut. Hartland de M. Molson, has been received by the Queen's Canadian Fund for Air Raid Victims. Flt.-Lieut. Molson saw action with the No. 1 Squadron of the R.C.A.F. and was shot down on his 62nd patrol flight, in one of over twenty which were actual encounters with the enemy. Severely wounded in his legs, Molson bailed out at 22,000 feet. After opening his parachute at 7,000 feet he landed safely but was confined to hospital for two months. Returned to Canada on sick leave, he is now stationed at Rockcliffe, Ottawa.

Back in Canada, Flt.-Lieut. Molson's first thought was to see what might be done for the heroic civilians of Great Britain whose bravery and fortitude he had marvelled at in England. He was the prime mover in getting under way the collection of money on a Canada-wide scale for direct aid to civilian sufferers of air attacks, which is being carried on by the Queen's Canadian Fund of which he is a director. Subscriptions to the Fund are beginning to flow in from every part of the country.

### ANNUAL GENERAL MEETING AND BANQUET

The Annual General Meeting of the Association was held on Saturday, December 14th, 1940, at the Mount Royal Hotel and the Committee whose names appear above were elected.

A number of the members of the former Committee were unable to continue to serve the Association in this capacity because they have left Montreal on active service with the Canadian Army. Hugh Doheny ('26-'33) has joined the Navy. M. C. (Buz) Holt ('17) and Bob McLernon ('26-'30) are with the Artillery and C. E. Price is serving with the Royal Rifles of Canada.

The former Honorary Auditor of the Association, Malcolm McLeod ('10-'18) has likewise been unable to continue to act as he is now stationed at Farnham Military Camp. Gordon Napier ('18-'22) has very kindly agreed to replace him. Like his predecessor, he is a member of the firm of Riddell, Stead, Graham & Hutchison.

The Annual Banquet was as usual held immediately after the Annual Meeting. The attendance at the banquet was much smaller than in previous years owing to the large number of Old Boys absent from the city or otherwise unable to attend owing to military duties. A number of those who were able to attend were in uniform.

M. E. Beckett (1899-1902) read a cable of greetings from Major-General A. G. L. McNaughton, C.B., C.M.G., D.S.O., M.Sc., LL.D. (1900-'05).

Among those who addressed the banquet were The Right Rev. Lennox Williams, D.D. (1871-1877), the Honorary Chaplain of the Association and Sir H. Montague Allan (1871-1876). These two Old Boys are unfailing in their attendance at the annual banquets, and their continued support is greatly appreciated by the Committee. The Headmaster again showed moving pictures and lantern slides illustrating life at B.C.S.

## OLD BOYS OVERSEAS

As mentioned in the Christmas issue of the School magazine all Old Boys, members of the Association in good standing, who have gone overseas on active service will be carried on the books of the Association for the duration of their service overseas as members in good standing without payment of dues. To date 14 Old Boys have availed themselves of this privilege. This inevitably means a loss of revenue to the Association and it is hoped that all those Old Boys who are in Canada and have not already done so will send in their dues to the Secretary, P.O. Box 250, Place d'Armes, Montreal.

VIC WHITEHEAD ('08-'14), a former President of the Association, who went overseas in command of the First Battalion of the Royal Montreal Regiment has now been promoted to the rank of Brigadier.

M. C. (Buz) HOLT ('17), a former director of the Association, is now stationed at Debert. He has recently been promoted to the command of a battery of the 14th Field Regiment with the rank of Major.

C. M. (Bud) DRURY ('25-'29) has recently been promoted to the rank of Major. He is at present serving at Debert, N.S., on the staff of the Third Division.

FLIGHT LIEUTENANT HARTLAND DE M. MOLSON ('18-'24) is now stationed at the air training centre at Rockcliffe, Ont.

DR. JOHN MEAKINS ('24-'29) is now Medical Officer in charge of the air training centre at St. Thomas, Ont.

SUNNY DAVIS ('18-'23) recently proceeded overseas with the R.C.A.

H. T. MARKEY ('19-'26) has been promoted to the rank of Captain in the same Regiment.

TOM MACDOUGALL ('16-'22), BOB McLERNON ('26-'30) and BILL TYNDALE ('37) have gone overseas with the 5th Anti-Aircraft Battery. GORDON McDOUGALL ('33-'36) preceded them with an advance party.

POTHIER DOUCET has recently completed a staff course in England.

KEN H. JOHNSTON ('30-'35), GEOFFREY HESS ('27-'33) and GUY DRUMMOND ('32) are now serving with the R.C.A.F.

OGGIE GLASS ('28-'32) has joined the Battery commanded by the Headmaster. A few weeks ago he wrote a most interesting letter to the Montreal Gazette in connection with the Lindbergh controversy.

RONNIE BENNETT ('30-'35) of the Black Watch is now in England. Among the Old Boys serving with this unit not previously listed are: JOHN BAILLIE ('33-'34), JOHN BASSETT ('29-'33), ALLAN ROBINSON ('28-'37), HARRISON BENNETT ('38) and PAUL VON COLDITZ ('28-'37).

HERBERT VON COLDITZ ('28-'35) was recently married and is now serving with the United States army.

P. T. MOLSON ('38), who was recently awarded a Rhodes Scholarship, and "CURLY" GRANT ('29), have joined the R.C.N.V.R.

R. G. C. SMITH ('19-'25) is a Lieutenant with the Anti-Tank Battery R.C.A., C.A.S.F.

The following Old Boys are on active service with The Royal Rifles of Canada, who have been stationed in Newfoundland:

Major J. H. PRICE ('10-'15)  
Lt. C. E. PRICE ('14-'19)  
" W. F. CLARKE ('25-'27)  
" A. WOODSIDE ('29-'30)  
" C. D. JOHNSTON ('20-'27)  
" I. BREAKEY ('23-'29)  
" J. F. ROSS ('10-'18)  
" F. D. ROSS ('23-'30)  
" P. L. MACDOUGALL ('22-'32)

We are indebted for this information to Lt. C. E. Price, a former Director of the Association, who also gives us the following information:

"While in St. John's a few weeks ago I saw Harry Carter, Mac Baird, Bertie Ellis and Jimmy Alderdice, who were all at school about my time. We had quite a grand time discussing school days and the many good times we had there. I also ran into Jim Ross (J. K. M.), who is now in the naval service."

WILLIAM MITCHELL ('26), President of the Association, has recently been appointed Secretary of the newly created Wartime Merchant Shipping Ltd. He has recently acquired a farm at some distance from Lake Massawippi and is contemplating cattle raising. On January 15th a daughter was added to his family, which now numbers three children.

E. S. D. (Laz) WEAVER ('20-'30) is now working for the Imperial Tobacco Company at Kingston, Ont.

HUGH MONTGOMERY ('19-'23) has recently returned in a bombing plane from Newfoundland where he was supervising wartime construction work.

FRED BALDWIN ('27-'31) was married to Miss Helen McManamy of Sherbrooke on the 3rd of May.

DAVID RANKIN ('27-'33) was married on Easter Monday at St. Peter's Anglican Church, Kirkland Lake, to Miss Mary Ginn of Swastika, Ont. JOHN RANKIN ('29-'32) was best man and among the ushers were ALLAN RANKIN and GORDON RANKIN.

BOB DAVIS ('23-'31) who is serving in England as Captain in the R.C.A.M.C. was married to Vera Kathleen Williams of Wormley, Godalming, Surrey. Among those present were LT. WEIR DAVIS and SERGEANT PHILIP W. DAVIS.

Other Old Boys who have recently married include FRANK DALE ('25-'32) and BILL CARTER ('28-'34).

TOM MOLSON ('16-'18), a Director and former President of the Association, is now in command of the 5th Field Battery in the 2nd Montreal Regiment, R.C.A.

## BRITAIN DELIVERS THE GOODS

Britain knows that as long as she "Delivers the goods of commerce" she'll obtain the "Goods of war". So British industry is humming, producing products for export and getting in return, planes, ships and guns to help in this fight for freedom. EATON'S, in the forefront of the "Buy British" campaign, is proud to feature British merchandise. Look for the special displays and tickets throughout the store. In all your shopping, keep an eye out for the "Britain Delivers the Goods" slogan.

### He Had to Wait 'Till He Was a Man, Before He Could Be a Cowboy

That's the story behind the start of the Big New Holiday Camp and Guest Ranch now under preparation at Chamcook, New Brunswick, three miles from the Fashionable Seaside Resort of St. Andrews By The Sea.

Major Hugh A. Green always wanted to be a Cowboy when he was a young lad, but business of quite a different kind took hold of him, until the day, a few months

ago, he saw a wonderful spot on the beautiful Chamcook Bay, and was shown the inviting trails around the hills.

"This," said the Major, "is where I build Canada's Biggest and Latest Holiday Camp and Guest Ranch," and now all is getting ready for the opening on June 7th, when 40 Western Horses and the accompanying Cowboys will arrive.

---

In this issue of the Magazine you will see this Camp advertised, and as rooms for July and August are rapidly being filled up, reservations should be made *now*.

# GOOD MILK

# SAFE MILK

The daily supply served to the B.C.S. boys is regularly analyzed by the Milton Hersey Laboratories. Pasteurized and homogenized milk make milk drinking safe and nourishing.

Students will do well to increase their daily quantity to keep fit.
